Translation of Foreign Currency Statements

The Company translates the financial statements of its foreign entities into U.S. dollars. For assets and liabilities, the exchange rate at the balance sheet date is used. For any investment in subsidiaries and retained earnings, the historical exchange rate is used. For revenue, expenses, gains, and losses, an appropriately weighted average exchange rate for the period is used.

[Table of Contents](#)**Use of Estimates**

Management of the Company has made a number of estimates and assumptions relating to the reporting of revenues, expenses, assets and liabilities and the disclosure of contingent assets and liabilities to prepare these consolidated financial statements. Actual results could differ from those estimates.

Fair Value Measurements

Fair value measurement requirements are embodied in certain accounting standards applied in the preparation of our financial statements. Significant fair value measurements include our marketable securities, warrant derivative liabilities and embedded derivative liabilities. See Notes 4 and 7 – Convertible Debentures and Common Stock and Warrant Offerings for disclosures related to our common stock and warrant financing arrangements. Assets and liabilities measured at fair value are classified in a defined hierarchy based on the inputs used to determine fair value. The fair value hierarchy is defined below:

Fair value hierarchy:

- (1) Level 1 inputs are quoted prices in active markets for identical assets and liabilities.
- (2) Level 2 inputs are inputs which include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the assets or liabilities, either directly or indirectly, for substantially the full term of the financial instrument.
- (3) Level 3 inputs are unobservable inputs and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The summary of fair values of financial instruments is as follows at March 31, 2010:

	Fair value	Carrying Value	Level	Valuation Methodology
Instrument:				
Short-term marketable securities	\$ 360,000	\$ 360,000	2	Market price
Long-term marketable securities	\$ 90,000	\$ 90,000	2	Market price
Derivative warrant liabilities	\$7,959,746	\$7,959,746	3	Black-Scholes
Embedded conversion liability	\$6,769,449	\$6,769,449	3	Lattice model

The summary of fair values of financial instruments is as follows at June 30, 2009:

	Fair value	Carrying Value	Level	Valuation Methodology
Instrument:				
Short-term marketable securities	\$ 520,000	\$ 520,000	2	Market price
Long-term marketable securities	\$ 130,000	\$ 130,000	2	Market price
Derivative warrant liabilities	\$8,429,710	\$8,429,710	3	Black-Scholes

[Table of Contents](#)

The following represents a reconciliation of the changes in fair value of financial instruments measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the nine months ended March 31, 2010 and the year ended June 30, 2009:

	<u>March 31, 2010</u>	<u>June 30, 2009</u>

Cash and Cash Equivalents

The Company considers only its monetary liquid assets with original maturities of three months or less as cash and cash equivalents.

Accounts Receivable

For credit card sales to independent distributors and direct sales customers, the Company verifies the customer's credit card prior to shipment of product. Any payment not yet received from credit card sales is treated as a receivable on the accompanying balance sheet. Our credit card processor maintains a 3% reserve on a rolling six-month basis. The reserve balance at March 31, 2010 was approximately \$162,000.

Based on the Company's verification process for customer credit cards and historical information available, management has determined that an allowance for doubtful accounts on credit card sales related to its direct and independent distributor sales as of March 31, 2010 is not necessary. For direct and independent distributor sales, there is no bad debt expense for the three or nine month periods ended March 31, 2010.

Marketable Securities

The Company has, from time to time, invested in marketable securities, including auction rate preferred securities of closed-end funds ("ARPS") to maximize interest income. The Company has classified its investment in these instruments as marketable securities available for sale.

Inventory

Inventory is stated at the lower of cost or market value. Cost is determined using the first-in, first-out method. The Company has capitalized payments to its contract product manufacturer for the acquisition of raw materials and commencement of the manufacturing, bottling and labeling of the Company's product. As of March 31, 2010 and June 30, 2009, inventory consisted of:

[Table of Contents](#)

	March 31, 2010	June 30, 2009
Finished goods	\$ 387,923	\$ 522,599
Raw materials	207,162	217,415
Total inventory	<u>\$ 595,085</u>	<u>\$ 740,014</u>

Intangible Assets

Intangible assets consist of patents and trademarks. The costs of applying for patents are capitalized and, once the patent is granted, are amortized on a straight-line basis over the lesser of the patent's economic or legal life. Capitalized costs will be expensed if patents are not granted or it is determined that the patent is impaired. The Company reviews the carrying value of its patent costs periodically to determine whether the patents have continuing value and such reviews could result in impairment of the recorded amounts. As of March 31, 2010, three U.S. patents have been granted. Amortization of these patents commenced upon the date of the grant and will continue over their remaining legal lives.

As of March 31, 2010 and June 30, 2009, intangible assets consisted of:

	March 31, 2010	June 30, 2009
Patent costs	\$ 2,272,272	\$ 2,255,696

Intangible assets, net	<u>\$ 2,069,385</u>	<u>\$ 2,175,281</u>

Deferred Offering Costs

Deferred offering costs consist of cash paid to and the fair value of warrants issued to placement agents in conjunction with the Company's convertible debenture financings. Amortization of these costs commence upon the closing date and continue for the life of the convertible debenture instruments.

As of March 31, 2010 and June 30, 2009, deferred offering costs consisted of:

	March 31, 2010	June 30, 2009
Deferred offering costs	\$ 1,370,213	\$ 231,552
Amortization of deferred offering costs	(313,580)	(148,529)

Revenue Recognition

The Company ships the majority of its products sold through the network marketing or multi-level marketing sales channel directly to the consumer via United Parcel Service (“UPS”) and receives substantially all payment for these sales in the form of credit card charges. Revenue from direct product sales to customers and distributors is recognized upon passage of title and risk of loss to customers when product is shipped from the fulfillment facility. Sales revenue and estimated returns are recorded when product is shipped. The Company’s standard return policy is to provide a 30-day money back guarantee on orders placed by customers. After 30 days, the Company does not issue refunds to direct sales customers for returned product. In the network marketing sales channel, the Company allows terminating distributors to return unopened unexpired product that they have previously purchased up to twelve months prior to termination, subject to certain consumption limitations. To date, returns from terminating distributors have been negligible and the Company recognizes all such revenue. The Company has experienced overall monthly returns of approximately 3% of sales. Our return rate for retail sales and sales directly to consumers, which excludes sales through our network marketing channel is approximately 1% of sales based on historical experience and our return rate for sales through our network marketing channel is approximately 4% of sales based upon network marketing industry experience. As of March 31, 2010 and June 30, 2009, the Company’s reserve balance for returns and allowances was approximately \$167,756 and \$68,500, respectively.

For its sales to retailers, the Company analyzed individual contracts to determine the appropriate accounting treatment for recognition of revenue on a customer by customer basis. For the quarter ended March 31, 2010 the Company had no sales to retailers.

Income/(Loss) per share

Basic income or loss per share is computed by dividing the net income or loss by the weighted average number of common shares outstanding during the period. Diluted earnings per common share are computed by dividing net income by the weighted average common shares and potentially dilutive common share equivalents. The effects of approximately 79 million common shares issuable pursuant to the convertible debentures and warrants issued in the Company’s private placement offerings, compensation based warrants issued by the Company and options granted through the Company’s 2007 Long-Term Incentive Plan, are not included in computations when their effect is antidilutive. Because of the net loss for the three months ended March 31, 2010 and 2009, and the nine months ended March 31, 2010 and 2009 the basic and diluted average outstanding shares are the same since including the additional potential common share equivalents would have an antidilutive effect on the loss per share calculation.

Research and Development Costs

The Company expenses all costs related to research and development activities as incurred. Research and development expenses for the nine month periods ended March 31, 2010 and 2009 were \$295,277 and \$152,942, respectively.

Shipping and Handling

Shipping and handling costs associated with inbound freight and freight out to customers, including independent distributors, are included in cost of sales. Shipping and handling fees charged to all customers are included in sales.

Stock-Based Compensation

In certain circumstances, the Company issued common stock for invoiced services and in other similar situations to pay contractors and vendors. Payments in equity instruments to non-employees for goods or services are accounted for using the fair value method, which relies on the valuation of the

service at the date of the transaction, or public stock sales price, whichever is more reliable as a measurement.

Derivative Financial Instruments

We do not use derivative instruments to hedge exposures to cash flow, market, or foreign currency risks. However, we have entered into certain other financial instruments and contracts, such as freestanding warrants and embedded conversion features on convertible debt instruments that are not afforded equity classification. These instruments are required to be carried as derivative liabilities, at fair value, in our consolidated financial statements.

Derivative financial instruments consist of financial instruments or other contracts that contain a notional amount and one or more underlying variables (e.g. interest rate, security price or other variable), require no initial net investment and permit net settlement. Derivative financial instruments may be free-standing or embedded in other financial instruments. Further, derivative financial instruments are initially, and subsequently, measured at fair value and recorded as liabilities or, in rare instances, assets.

We estimate fair values of derivative financial instruments using various techniques that are considered to be consistent with the objective measurement of fair values. In selecting the appropriate technique, we consider, among other factors, the nature of the instrument, the market risks that it embodies and the expected means of settlement. For less complex derivative instruments, such as freestanding warrants, we generally use the Black-Scholes Merton option valuation technique, adjusted for the effect of dilution, because it embodies all of the requisite assumptions (including trading volatility, estimated terms, and risk free rates) necessary to fair value these instruments. For embedded conversion features we generally use a lattice technique because it contains all the requisite assumptions to value these features. Estimating fair values of derivative financial instruments requires the development of significant and subjective estimates that may, and are likely to, change over the duration of the instrument with related changes in internal and external market factors. In addition, option-based techniques are highly volatile and sensitive to changes in the trading market price of our common stock. Since derivative financial instruments are initially and subsequently carried at fair values, our income or loss will reflect the volatility in changes to these estimates and assumptions.

Our derivative liabilities are significant to our financial statements for the three and nine month periods ended March 31, 2010. The magnitude of derivative income (expense) reflects the following:

- The market price of our common stock, which significantly affects the fair value of our derivative financial instruments, experienced material price fluctuations. To illustrate, the closing price of our common stock decreased from \$0.67 on June 30, 2009 to \$0.38 on September 30, 2009 and then to \$0.25 on December 31, 2009 the closing price then increased to \$0.39 on March 31, 2010. The higher stock price at March 31, 2010 had the effect of significantly increasing the fair value of our derivative liabilities and, accordingly, we were required to adjust the derivatives to these higher values by increasing the amount of derivative loss for the three months ended March 31, 2010.

Convertible Debt Instruments

We issued convertible debt in September and October 2007, November and December 2009 and January and February 2010. We review the terms of convertible debt and equity instruments that we issue to determine whether there are embedded derivative instruments, including the embedded conversion options that are required to be bifurcated and accounted for separately as derivative

[Table of Contents](#)

instrument liabilities. Also, in connection with the sale of convertible debt and equity instruments, we may issue freestanding options or warrants that may, depending on their terms, be accounted for as derivative instrument liabilities, rather than as equity. For option-based derivative financial instruments, we use the Black-Scholes option pricing model to value the derivative instruments. For embedded conversion derivatives we use a lattice model to value the derivative.

When convertible debt is initially recorded at less than its face value as a result of allocating some or all of the proceeds received to derivative instrument liabilities, the excess is recorded as additional interest expense on the date of issuance, the remaining discount from the face amount, together with the stated interest on the convertible debt, is amortized over the life of the instrument through periodic charges to income, using the effective interest method.

Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry-forwards. Deferred tax assets and liabilities are measured using statutory tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities from a change in tax rates is recognized in income in the period that includes the effective date of the change. Due to losses incurred, the Company does not have an income tax expense. In addition, a full valuation allowance has been recorded against all deferred tax assets due to the uncertainty of realizing these assets.

Effective January 1, 2009, the Company accounts for any uncertainty in income taxes by recognizing the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The Company measures the tax benefits recognized in the financial statements from such a position based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate resolution. The application of income tax law is inherently complex. As such, the Company is required to make certain subjective assumptions and judgments regarding income tax exposures. The result of the reassessment of the Company's tax positions did not have an impact on the consolidated financial statements.

Concentration of Credit Risk

We disclose significant concentrations of credit risk regardless of the degree of such risk. Financial instruments with significant credit risk include cash and marketable securities. At March 31, 2010, the Company had approximately \$1,377,000 in cash accounts at one financial institution, approximately \$21,000 in a foreign bank for our subsidiary and approximately \$128,000 in an investment management account at another financial institution.

Effect of New Accounting Pronouncements

We have reviewed recently issued, but not yet effective, accounting pronouncements and do not believe any such pronouncements will have a material impact on our financial statements.

Note 3 – Marketable Securities

Marketable securities which historically have been liquid have been adversely affected by the broader national liquidity crisis. During the nine months ended March 31, 2010, \$200,000 of the Company's ARPS were redeemed by the underlying fund. The Company entered into an agreement with its investment advisor, Stifel Nicolaus, to repurchase 100% of the remaining ARPS at par on or prior to June 30, 2012. The schedule for repurchase of remaining ARPS by Stifel Nicolaus over the next three years is as follows:

- (a) The greater of 10 percent or \$25,000 to be completed by June 30, 2010;
- (b) The greater of 10 percent or \$25,000 to be completed by June 30, 2011;
- (c) The balance of outstanding ARPS, if any, to be repurchased by June 30, 2012.

The Company established a line of credit to borrow against 80% of the marketable securities so that sales of these securities would not have to occur in order to fund operating needs of the Company. The interest on amounts borrowed has been approximately the same as the interest being earned from the underlying securities. Management classified 80% or \$360,000 of the Company's marketable securities as short term. The remaining 20% or \$90,000 of the Company's marketable securities that may not be available in the current year is classified as long-term.

As of March 31, 2010, in light of the plan for repurchase and the repurchases made during the year, management has determined that there has not been a change in the fair value of the securities owned. The Company has not recorded any impairment related to these investments, as management does not believe that the underlying credit quality of the assets has been impacted by the reduced liquidity of these investments. In addition, no unrealized gain or loss has been recorded on these assets.

Note 4 – Convertible Debentures**2007**

On September 26, 2007 and October 31, 2007, the Company issued convertible debentures in a private placement offering that bear interest at 8 percent per annum and have a term of three years. The convertible debentures are convertible into the Company's common stock at \$0.20 per share during their term and at maturity, at the Company's option, may be repaid in full or converted into common stock at the lower of \$0.20 per share or the average trading price for the 10 days immediately prior to the maturity date on September 26, 2010 and October 31, 2010. The Company also issued warrants to purchase shares of the Company's common stock at \$0.30 per share in the private placement offering. Details of the issuances are in the table below:

Date Issued	Face Value Issued	Debt Discount	Conversions	Discount Amortized at March 31, 2010	Net Value at March 31, 2010
September 26, 2007	\$1,075,000	\$ (937,510)	\$(141,251)	\$447,389	\$443,628
October 31, 2007	415,000	(378,235)	(35,922)	120,958	121,801

Table of Contents

Prior to conversion or repayment of the convertible debentures, if (i) the Company fails to remain subject to the reporting requirements under the Exchange Act for a period of at least 45 consecutive days, (ii) the Company fails to materially comply with the reporting requirements under the Exchange Act for a period of 45 consecutive days, (iii) the Company's common stock is no longer quoted on the Over the Counter Bulletin Board or listed or quoted on a securities exchange, or (iv) a Change of Control (as defined in the convertible debentures) is consummated, the Company will be required upon the election of the holder to redeem the convertible debentures in an amount equal to 150 percent of the principal amount of the convertible debenture plus any accrued or unpaid interest.

The Company determined that the conversion option in the convertible debentures did not satisfy the definition of being indexed to its own stock, as an anti-dilution provision in the convertible debentures reduces the conversion price dollar for dollar if the Company issues common stock with a price lower than the conversion price of the convertible debentures. Based on authoritative guidance effective on July 1, 2009 the embedded conversion option in the convertible debentures was a liability as of July 1, 2009. The Company has bifurcated the embedded conversion option from the host contract and accounted for this feature as a separate derivative liability. The cumulative effect of the change in accounting principle was recognized as an adjustment to equity of \$1,461,528.

In addition, The Company has reviewed the terms of the convertible debentures to determine whether there are any other embedded derivative instruments that may be required to be bifurcated and accounted for separately as derivative instrument liabilities. Certain events of default associated with the convertible debentures, including the holder's right to demand redemption in certain circumstances, have risks and rewards that are not clearly and closely associated with the risks and rewards of the debt instruments in which they are embedded. The Company has reviewed these embedded derivative instruments to determine whether they should be separated from the convertible debentures. However, at this time, the Company has determined that the value of these derivative instrument liabilities is not material.

The Company allocated the proceeds received in the private placement to the convertible debentures and warrants to purchase common stock based on their relative estimated fair values. The Company allocated \$661,629 to the embedded derivative, which was recorded as a liability, and \$578,185 to the common stock warrants, which were recorded in additional paid-in-capital. The discount from the face amount of the convertible debentures represented by the value initially assigned to any associated warrants is amortized over the period to the due date of each convertible debenture, using the effective interest method.

Effective interest associated with the convertible debentures totaled \$148,953 and \$377,886 for the three and nine month periods ended March 31, 2010, respectively. Effective interest associated with the convertible debentures totaled \$127,756 and \$265,503 for the three and nine month periods ended March 31, 2009, respectively. Effective interest is accreted to the balance of convertible debt until maturity. A total of \$256,568 was paid for commissions and expenses incurred in the 2007 private placement offering which is being amortized into interest expenses over the term of the convertible debentures on a straight-line basis. As of March 31, 2010 the Company has recorded accumulated amortization of 2007 deferred offering costs of \$197,816.

2009

Between November of 2009 and February of 2010, the Company issued convertible debentures with a face value of \$5,000,000 that bear interest at 8 percent per annum and have a term of two years. The Company received aggregate net cash proceeds of \$4,035,687. The convertible debentures are convertible into the Company's common stock at \$0.20 per share during their term. Subject to meeting certain equity conditions, the Company has the option to redeem the outstanding principal plus accrued interest for cash at any time during the term of the notes. In conjunction with these convertible debentures the Company issued 14,947,550 warrants to purchase shares of the Company's common stock with an exercise price of \$0.50 per share and 2,035,860 warrants with an exercise price of \$0.20 per share. In addition, a note payable of \$500,000 to a related party was converted to a convertible debenture. Details of the issuances are in the table below:

Date Issued	Face Value Issued	Debt Discount	Conversions	Discount Amortized at March 31, 2010	Net Value at March 31, 2010
November 18, 2009	\$ 247,143	\$ (247,143)	\$(5,497)	\$ 42,255	\$ 36,758
December 11, 2009	875,000	(875,000)	—	153,085	153,085

January 20, 2010	1,257,000	(1,257,000)	—	139,947	139,947
February 4, 2010	1,851,000	(1,851,000)	—	161,920	161,920

Totals	\$5,000,000	\$(5,000,000)	\$(5,497)	\$578,747	\$573,250

Prior to conversion or repayment of the convertible debentures, if (i) the Company's reporting requirements under the Exchange Act are suspended or terminated, (ii) the Company's common stock is no longer quoted on the Over the Counter Bulletin Board or listed or quoted on a securities exchange, (iii) at any time during the period commencing from the six month anniversary of the date the debenture was issued and ending at such time that all of the shares of common stock issuable upon conversion of that debenture may be sold without the requirement for the Company to be in compliance with Rule 144(c)(1) and otherwise without restriction or limitation pursuant to Rule 144, if the Company shall fail for any reason to satisfy the current public information requirement under Rule 144(c) or (iv) a change of control is consummated, the Company will be required upon the election of the holder to redeem that holder's convertible debenture in an amount equal to 130 percent of the principal amount of the convertible debenture plus any accrued or unpaid interest.

The Company determined that the convertible debentures did not satisfy the definition of a conventional convertible instrument, as an anti-dilution provision in the convertible debentures reduces the conversion price dollar for dollar if the Company issues common stock with a price lower than the conversion price of the convertible debentures, subject to specified exceptions. Based on authoritative guidance effective on July 1, 2009 the Company has concluded that the embedded conversion option in the convertible debentures is required to be bifurcated from the host contract and accounted for this feature as a separate derivative liability, at fair value, in its financial statements. In addition, the Company has determined that the warrants issued in conjunction with the convertible debentures are required to be carried as derivative liabilities, at fair value, in its financial statements, due to certain anti-dilution provisions.

In addition, the Company has reviewed the terms of the convertible debentures to determine whether there are any other embedded derivative instruments that may be required to be bifurcated and

accounted for separately as derivative instrument liabilities. Certain events of default associated with the convertible debentures, including the holder's right to demand redemption in certain circumstances, have risks and rewards that are not clearly and closely associated with the risks and rewards of the debt instruments in which they are embedded. The Company has reviewed these embedded derivative instruments to determine whether they should be separated from the convertible debentures. However, at this time, the Company has determined that the value of these derivative instrument liabilities is not material.

The Company allocated the proceeds received in the private placements to the embedded derivative and warrants based on their estimated fair values. As a result, the Company recorded \$6,022,300 to the embedded derivative and \$4,752,789 to the warrants, which were recorded as liabilities. The discount from the face amount of the convertible debentures represented by the value initially assigned to any associated warrants and embedded derivative is amortized over the period from the date of issuance to the due date of each convertible debenture, using the effective interest method.

The warrants were valued using the Black-Scholes Merton valuation technique, adjusted for the effects of dilution using trading market values of between \$0.21 and \$0.38, a term of 5 years, volatility of between 146% and 161%, risk free rates of between 2.21% and 2.69% and a dividend yield of zero. The embedded derivatives were valued using a Lattice model using trading market values of between \$0.21 and \$0.38, a term of 2 years, volatility of between 159% and 162%, risk free rates of between .77% and 1.14% and a dividend yield of zero.

Effective interest associated with the convertible debentures totaled \$537,832 and \$578,747 for the three and nine month periods ended March 31, 2010. In addition, the Company recorded \$5,094,905 of interest expense for the nine months ended March 31, 2010 due to excess fair value of the derivative liabilities in excess of proceeds received. Effective interest is accreted to the balance of convertible debt until maturity. The Company incurred an aggregate of \$1,138,660 in commissions and expenses in connection with the 2009 private placement offerings, \$464,313 of which was paid in cash and the balance of which was reflected in the issuance of warrants with a fair market value of \$674,347. The \$1,138,660 in commissions and expenses is being amortized into interest expense over the term of the convertible debentures. As of March 31, 2010 the Company has recorded accumulated amortization of deferred offering costs of \$115,763.

Note 5 – Line of Credit

The Company established a line of credit to borrow against its marketable securities and any cash received from redemption of its marketable securities. Under an agreement to extend the line of credit from 50% to 80% of the face value of its marketable securities, as of March 31, 2010, the Company can borrow up to \$462,000. The line is collateralized by the Company's marketable securities. The interest rate charged through March 31, 2010, 3.00 percent, is 0.25 percentage points below the published Wall Street Journal Prime Rate, which was 3.25% percent as of March 31, 2010. As of March 31, 2010, the Company has borrowed approximately \$434,000, including accrued interest, from the line.

Note 6 – Stockholders' Equity

During the nine months ended March 31, 2010, the Company issued common stock and warrants in a private offering, resulting in gross proceeds to the Company of approximately \$904,000. The Company sold to participants in the offering an aggregate of 2,583,668 shares of common stock and

[Table of Contents](#)

warrants to purchase 516,724 shares of common stock. These warrants are exercisable for a period of five years from the date of issuance at an exercise price of \$0.50 per share. During the nine months ended March 31, 2010 the Company issued 1,199,700 shares of common stock as a result of conversions of convertible debentures and 180,422 shares of common stock as a result of the exercise of options and warrants.

The Company's Articles of Incorporation authorize the issuance of preferred shares. However, as of March 31, 2010, none have been issued nor have any rights or preferences been assigned to the preferred shares by the Company's Board of Directors.

Note 7 – Stock-based Compensation

The Company adopted and the shareholders approved the Company's 2007 Long-Term Incentive Plan (the "Plan"), effective November 21, 2006, to provide incentives to certain eligible employees who are expected to contribute significantly to the strategic and long-term performance objectives and growth of the Company. A maximum of 10,000,000 shares of the Company's common stock can be issued under the Plan in connection with the grant of awards. Awards to purchase common stock have been granted pursuant to the Plan and are outstanding to various employees, officers, directors, independent distributors and Scientific Advisory Board ("SAB") members at prices between \$0.11 and \$0.76 per share, vesting over one- to three-year periods. Awards expire in accordance with the terms of each award and the shares subject to the award are added back to the Plan upon expiration of the award. As of March 31, 2010, awards for the purchase of an aggregate of 8,669,230 shares of the Company's common stock are outstanding.

Payments in equity instruments for goods or services are accounted for under the guidance of share based payments, which require use of the fair value method. The Company has adjusted the expense for the anticipated forfeitures. Compensation based options totaling 360,000 and 1,737,500 were granted for the three and nine month periods ended March 31, 2010, respectively. Compensation based options totaling 4,760,000 were granted for the three and nine month periods ended March 31, 2009.

For the three and nine months ended March 31, 2010, stock based compensation of \$417,842 and \$2,071,372, respectively, was reflected as an increase to additional paid in capital. Of the stock based compensation for the three and nine months ended March 31, 2010, \$43,888 and \$973,455, respectively, was employee related and \$373,954 and \$1,097,917 respectively, was non-employee related. For the three and nine months ended March 31, 2009 stock based compensation of \$352,132 and \$568,219, respectively, was reflected as an increase to additional paid in capital. Of the stock based compensation for the three and nine months ended March 31, 2009, \$202,609 and \$353,406 respectively, was employee related and \$149,523 and \$214,813, respectively, was non-employee related.

Compensation based warrants for the purchase of 300,000 and 820,000 shares of the Company's common stock were granted to consultants for services rendered during the three and nine month periods ended March 31, 2009, respectively. The value of the warrants granted was estimated at \$60,008 and \$134,391 for the three and nine month periods ended March 31, 2009, respectively. No compensation based warrants were granted during the three or nine month periods ended March 31, 2010.

Compensation expense was calculated using the fair value method during the three and nine month periods ended March 31, 2010 and 2009 using the Black-Scholes option pricing model. The following assumptions were used for options and warrants granted during the three and six month periods ended March 31, 2010 and 2009:

Table of Contents

1. risk-free interest rates of between 2.01 and 3.52 percent for the three and nine months ended March 31, 2010 and between 1.15 and 2.78 percent for the nine months ended March 31, 2009;
2. dividend yield of -0- percent;
3. expected life of 3 to 6 years; and
4. a volatility factor of the expected market price of the Company's common stock of between 143 and 337 percent for the three and nine months ended March 31, 2010 and between 228 and 231 percent for the three and nine months ended March 31, 2009.

Note 8 —Common Stock and Warrant Offerings

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis contains forward-looking statements within the meaning of the federal securities laws. We urge you to carefully review our description and examples of forward-looking statements included in the section entitled "Cautionary Note Regarding Forward-Looking Statements" at the beginning of this report. Forward-looking statements speak only as of the date of this report and we undertake no obligation to publicly update any forward-looking statements to reflect new information, events or circumstances after the date of this report. Actual events or results may differ materially from such statements. In evaluating such statements, we urge you to specifically consider various factors identified in this report, including the matters set forth below in Part II, Item 1A of this report, any of which could cause actual results to differ materially from those indicated by such forward-looking statements. The following discussion and analysis should be read in conjunction with the accompanying financial statements and related notes, as well as the Financial Statements and related notes in our Annual report on Form 10-K for the fiscal year ended June 30, 2009 and the risk factors discussed therein.

Overview

This management's discussion and analysis discusses the financial condition and results of operations of Lifevantage Corporation (the "Company", "Lifevantage", or "we", "us" or "our") and its wholly-owned subsidiaries Lifeline Nutraceuticals Corporation ("LNC"), LifeVantage de México, S. de R.L. de C.V. (Limited Liability Company), Importadora LifeVantage, S. de R.L. de C.V. (Limited Liability Company), and Servicios Administrativos para la Importación de Productos Body & Skin, S.C.

We are a publicly traded dietary supplement company that markets and sells our products through the network marketing or multi-level marketing industry and seeks to enhance life through anti-aging and wellness products while creating business opportunities. We offer products backed by science in two principal categories: dietary supplements that combat oxidative stress and anti-aging skincare. We manufacture, market, distribute and sell two products, our centerpiece product, Protandim[®], a dietary supplement, and our Lifevantage TrueScience[™] Anti-Aging Cream. We primarily sell our products in the United States, and have recently started selling in Mexico, through a network of independent distributors, preferred customers and direct customers. We also sell our products through our direct to consumer sales channel.

Our revenue is primarily dependent upon the number and productivity of our independent distributors. We have developed a distributor compensation plan and other incentives designed to motivate our independent distributors to market and sell our products and to build sales organizations. If we experience delays or difficulties in introducing compelling products or attractive initiatives to independent distributors, this can have a negative impact on our revenue and harm our business.

We will also leverage our resources to develop and introduce innovative products. Our research efforts to date have been focused on investigating various aspects and consequences of the imbalance of oxidants and antioxidants. We intend to continue our research, development, and documentation of the efficacy of Protandim[®] to provide credibility to the market. We also anticipate undertaking research, development, testing, and licensing efforts to be able to introduce additional products in the future, although we cannot offer any assurance that we will be successful in this endeavor.

The primary manufacturing, fulfillment, and shipping components of our business are outsourced to companies we believe possess a high degree of expertise. Through outsourcing, we hope to achieve a more direct correlation between the costs we incur and our level of product sales, versus the relatively high fixed costs of building our own infrastructure to accomplish these same tasks. Outsourcing also helps to minimize our commitment of resources required to manage these operational components successfully, and provides additional capacity without significant advance notice and at competitive prices.

Our expenses have consisted primarily of commission and marketing expenses, payroll, legal and professional fees, customer service, research and development and product manufacturing for the marketing and sale of Protandim[®] and TrueScience[™] Anti-Aging Cream.

In October 2008, we announced our launch into a network marketing sales channel. While we incurred significant costs doing so, we believe this channel will continue to increase sales. We believe that our products are well-suited for and will benefit from the network marketing sales channel based upon the numerous scientific studies behind Protandim[®] which are best communicated in a direct to consumer manner.

Net revenue from Protandim[®], TrueScience[®] and related marketing materials totaled approximately \$2,724,000 and \$7,037,000 for the three and nine months ended March 31, 2010, respectively, and approximately \$655,000 and \$2,507,000 for the three and nine months ended March 31, 2009, respectively. During the nine months ended March 31, 2009, the Company recognized all deferred revenue and expenses from GNC and Vitamin Cottage (retail customers at the time which had

Table of Contents

unlimited right of return requirements), as the Company determined it had sufficient history to reasonably estimate returns and meet the retail revenue recognition requirements. \$511,000 of the \$2,507,000 of net revenue for the nine months ended March 31, 2009 represented recognition of prior period deferred revenue from GNC and Vitamin Cottage.

Recent Developments

On February 25, 2010, the Company concluded the issuance of convertible debentures that bear interest at 8 percent per annum, have a term of two years, and warrants to purchase shares of the Company's common stock with an exercise price of \$0.50 per share in exchange for aggregate net proceeds of \$4,035,687. The convertible debentures are convertible into the Company's common stock at \$0.20 per share during their term. Subject to meeting certain equity conditions, the Company has the option to redeem the outstanding principal plus accrued interest for cash at any time during the term of the notes.

Three and Nine Months Ended March 31, 2010 Compared to Three and Nine Months Ended March 31, 2009

Revenue We generated net revenue of approximately \$2,724,000 during the three months ended March 31, 2010, and generated net revenue of \$655,000 during the three months ended March 31, 2009. We generated net revenue of approximately \$7,037,000 during the nine months ended March 31, 2010 and approximately \$2,507,000 during the nine months ended March 31, 2009. The increase in revenue is due to increased sales volume through the network marketing or multi-level marketing sales channel. During the three and nine month periods ended March 31, 2010, substantially all of our marketing effort was directed toward building this channel.

Gross Margin Our gross profit percentage for the three month periods ended March 31, 2010 and 2009 was 84% and 81%, respectively. Our gross profit percentage for the nine months ended March 31, 2010 and 2009 was 83% and 81%, respectively. The higher gross margin in 2010 was primarily due to efficiencies and cost reductions obtained through our contract manufacturer.

Operating Expenses Total operating expenses for the three months ended March 31, 2010 were approximately \$3,619,000 as compared to operating expenses of approximately \$2,980,000 for the three months ended March 31, 2009. Total operating expenses during the nine month period ended March 31, 2010 were approximately \$12,896,000 as compared to operating expenses of approximately \$4,996,000 during the nine month period ended March 31, 2009. Operating expenses consist of sales and marketing expenses, general and administrative expenses, research and development, and depreciation and amortization expenses. Operating expenses in the nine month period ended March 31, 2010 increased significantly due to commissions for distributors, additional personnel related costs for the Company's network marketing sales channel strategy, and higher legal expenses resulting from the complaint filed against the Company by Zrii, LLC, since settled.

Sales and Marketing Expenses Sales and marketing expense increased from approximately \$1,020,000 for the three months ended March 31, 2009 to approximately \$1,877,000 for the three months ended March 31, 2010. Sales and marketing expenses increased from approximately \$1,827,000 for the nine months ended March 31, 2009 to approximately \$5,852,000 for the nine months ended March 31, 2010. This increase was due primarily to commissions paid to distributors due to the higher

Table of Contents

sales volume. The increase also reflected additional sales and marketing personnel, website and materials redevelopment and consulting fees.

General and Administrative Expenses Our general and administrative expense decreased from approximately \$1,886,000 for the three months ended March 31, 2009 to approximately \$1,619,000 for the three months ended March 31, 2010. General and administrative expense increased from approximately \$2,896,000 for the nine months ended March 31, 2009 to approximately \$6,548,000 for the nine months ended March 31, 2010. The decrease for the three months ended March 31, 2010 was due primarily to cost reduction efforts in employee and distributor expenses. The increase for the nine months ended March 31, 2010 is primarily due to higher compensation expense for additional personnel related to the rollout of our network marketing sales channel and higher legal expenses resulting from the complaint filed against the Company by Zrii, LLC, since settled.

Research and Development Our research and development expenses increased from \$34,000 for the three months ended March 31, 2009 to approximately \$70,000 for the three months ended March 31, 2010. Research and development expenses increased from \$153,000 for the nine months ended March 31, 2009 to \$295,000 for the nine months ended March 31, 2010. These increases were a result of an increase in fees paid to scientific advisory board members.

Depreciation and Amortization Expense Depreciation and amortization expense increased from approximately \$41,000 during the three months ended March 31, 2009 to approximately \$54,000 during the three months ended March 31, 2010. Depreciation and amortization expense increased from approximately \$120,000 for the nine months ended March 31, 2009 to \$201,000 for the nine months ended March 31, 2010. These increases were due primarily to amortization of trademarks and patents acquired.

Net Other Income and Expense We recognized net other expense of approximately \$6,906,000 during the three months ended March 31, 2010 as compared to net other expense of approximately \$650,000 during the three months ended March 31, 2009. During the nine months ended March 31, 2010 we recognized net other income of approximately \$967,000 as compared to net other expenses of approximately \$820,000 for the nine months ended March 31, 2009. These fluctuations between periods are primarily the result of the change in fair value of the derivative warrant liability during the three and nine months ended March 31, 2010 of approximately \$(1,423,000) and \$7,346,000, respectively, as well as one time charges to interest expense of approximately \$5,100,000 related to the issuance of convertible debentures in the quarter ended March 31, 2010.

Net Income/Loss We recorded net loss of approximately \$8,250,000 for the three month period ended March 31, 2010 compared to a net loss of approximately \$3,100,000 for the three month period ended March 31 2009. We recorded net loss of approximately \$6,065,000 for the nine month period ended March 31, 2010 compared to a net loss for the nine month period ended March 31, 2009 of approximately \$3,797,000. Absent the effect of the change in fair value of the derivative liabilities and one time charges to interest expense, the Company would have incurred net losses of approximately \$1,727,000 and \$8,311,000 for the three and nine months ended March 31, 2010, respectively.

Liquidity and Capital Resources

Our primary liquidity and capital resource requirements are to finance the Company's expansion into the network marketing sales channel. This includes the costs associated with additional personnel, compensating our distributors, the manufacture and sale of our products, and general and administrative expenses. In order to become cash flow positive, the Company must continue to increase sales, further reduce expenses, or raise additional capital, and there is no guarantee that any of these events will occur.

Table of Contents

Our primary sources of liquidity are cash generated from the sales of our product and funds raised from our 2007, 2009 and 2010 private placements and issuance of convertible debentures. As of March 31, 2010, our available liquidity was approximately \$1,526,000, including available cash, cash equivalents and marketable securities. This represented an increase of approximately \$918,000 from the approximate \$609,000 in cash, cash equivalents and marketable securities as of June 30, 2009. During the nine months ended March 31, 2010, our net cash used by operating activities was approximately \$4,516,000 as compared to net cash used by operating activities of approximately \$1,585,000 during the nine months ended March 31, 2009. The Company's cash used by operating activities during the nine month period ended March 31, 2010 increased primarily as a result of increased operating expenditures as previously discussed.

During the nine months ended March 31, 2010, our net cash provided by investing activities was approximately \$167,000, due to the redemption of marketable securities less the purchase of intangible assets. During the nine months ended March 31, 2009, our net cash provided by investing activities was approximately \$222,000 primarily due to the redemption of marketable securities less the purchase of equipment.

Cash provided by financing activities during the nine months ended March 31, 2010 was approximately \$5,300,000 compared to cash provided by financing activities of approximately \$2,479,000 during the nine months ended March 31, 2009. Cash provided by financing activities during the nine month period ended March 31, 2010 was due primarily to proceeds from the August 2009 private placement of approximately \$904,000, loans from two directors and one shareholder totaling approximately \$757,000 and proceeds from the sale of convertible debentures in a private placement financing for approximately \$4,036,000. Cash provided from financing activities during the nine months ended March 31, 2009 was due to proceeds from the 2009 equity offering of common stock and warrants.

We maintain an investment portfolio of marketable securities that is managed by a professional financial institution. The portfolio includes auction rate private securities, or ARPS, of AA and AAA rated closed-end funds. These marketable securities which historically have been extremely liquid have been adversely affected by the broader national liquidity crisis.

We have a line of credit that is secured by the marketable securities that we hold, which allows us to borrow against 80% of the par value of these marketable securities. Based upon this line of credit, management has classified 80% or \$360,000 of our marketable securities as short term. The remaining 20% or \$90,000 of our marketable securities that may not be available in the current year is classified as long-term. However, future economic events could change the portion of these classified as long term.

At March 31, 2010, we had negative working capital (current assets minus current liabilities) of approximately \$1,806,000, compared to negative working capital of approximately \$748,000 at June 30, 2009. The decrease in working capital was primarily due to the rollout of our network marketing sales channel and payment of accrued legal expenses related to the complaint filed against the Company by Zrii, LLC, offset by the capital raised from financings between August 2009 and February 2010.

Our ability to finance future operations will depend on our existing liquidity and, ultimately, on our ability to generate additional revenues and profits from operations. Our ability to finance future operations depends primarily on our ability to generate additional revenues, and ultimately profits, from operations. Management has projected that existing cash on hand and future cash flow will be sufficient to allow us to continue operations for at least the next 12 months. A shortfall from projected sales levels would likely result in expense reductions, which could have a material adverse effect on our ability to

Table of Contents

continue operations at current levels. It may become necessary to seek additional funds through debt, equity or equity-based financing (such as convertible debt); however financing may not be available on favorable terms or at all. If we raise additional funds by selling additional shares of our capital stock, or securities convertible into shares of our capital stock, the ownership interest of our existing shareholders will be diluted. The amount of dilution could be increased by the issuance of warrants or securities with other dilutive characteristics, such as anti-dilution clauses or price resets.

Off-Balance Sheet Arrangements

As of March 31, 2010, we did not have any off-balance sheet arrangements.

Critical Accounting Policies

We prepare our financial statements in conformity with accounting principles generally accepted in the United States of America. As such, we are required to make certain estimates, judgments, and assumptions that we believe are reasonable based upon the information available. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the periods presented. Actual results could differ from these estimates. Our significant accounting policies are described in Note 2 to our financial statements. Certain of these significant accounting policies require us to make difficult, subjective, or complex judgments or estimates. We consider an accounting estimate to be critical if (1) the accounting estimate requires us to make assumptions about matters that were highly uncertain at the time the accounting estimate was made, and (2) changes in the estimate that are reasonably likely to occur from period to period, or use of different estimates that we reasonably could have used in the current period, would have a material impact on our financial condition or results of operations.

There are other items within our financial statements that require estimation, but are not deemed critical as defined above. Changes in estimates used in these and other items could have a material impact on our financial statements. Management has discussed the development and selection of these critical accounting estimates with our board of directors, and the audit committee has reviewed the foregoing disclosure.

Allowances for Product Returns We record allowances for product returns at the time we ship the product based on estimated return rates of 1% to 4%. We base these accruals on the historical return rate since the inception of our selling activities, and the specific historical return patterns of the product.

We offer a 30-day, money back unconditional guarantee to all direct customers. As of March 31, 2010, our March 2010 direct and network marketing sales shipments of approximately \$1,013,000 were subject to the money back guarantee. We replace product returned due to damage during shipment wholly at our cost, the total of which historically has been negligible. In addition, we allow terminating distributors to return 30% of unopened unexpired product that they purchased during the prior twelve months, subject to certain consumption limitations.

We monitor our return estimate on an ongoing basis and may revise the allowances to reflect our experience. Our allowance for product returns was approximately \$168,000 on March 31, 2010, compared with approximately \$68,500 on June 30, 2009. To date, product expiration dates have not played any role in product returns, and we do not expect product expiration dates to affect product returns in the foreseeable future because it is unlikely that we will ship product with an expiration date earlier than the latest allowable product return date.

Inventory Valuation We state inventories at the lower of cost or market on a first-in first-out basis. From time to time we maintain a reserve for inventory obsolescence and we base this reserve on

Table of Contents

assumptions about current and future product demand, inventory whose shelf life has expired and market conditions. From time to time, we may be required to make additional reserves in the event there is a change in any of these variables. We recorded no reserves for obsolete inventory as of March 31, 2010 because our product and raw materials have a shelf life of at least three (3) years based upon testing performed quarterly in an accelerated aging chamber.

Revenue Recognition We ship the majority of our product directly to the consumer through the direct to consumer and network marketing sales channels via United Parcel Service, (“UPS”), and receive substantially all payment for these shipments in the form of credit card charges. We recognize revenue from direct product sales to customers upon passage of title and risk of loss to customers when product is shipped from the fulfillment facility. Sales revenue and estimated returns are recorded when product is shipped.

Derivative Instruments In connection with the sale of debt or equity instruments, we may sell options or warrants to purchase our common stock. In certain circumstances, these options or warrants may be classified as derivative liabilities, rather than as equity. Additionally, the debt or equity instruments may contain embedded derivative instruments, such as conversion options, which in certain circumstances may be required to be bifurcated from the associated host instrument and accounted for separately as a derivative instrument liability.

The identification of, and accounting for, derivative instruments is complex. For options, warrants and any bifurcated conversion options that are accounted for as derivative instrument liabilities, we determine the fair value of these instruments using the Black-Scholes option pricing model. That model requires assumptions related to the remaining term of the instruments and risk-free rates of return, our current common stock price and expected dividend yield, and the expected volatility of our common stock price over the life of the instruments. Because of the limited trading history for our common stock, we have estimated the future volatility of our common stock price based on not only the history of our stock price but also the experience of other entities considered comparable to us. The identification of, and accounting for, derivative instruments and the assumptions used to value them can significantly affect our financial statements.

Intangible Assets — Patent Costs We review the carrying value of our patent costs and compare to fair value at least annually to determine whether the patents have continuing value. In determining fair value, we consider undiscounted future cash flows and market capitalization.

Stock-Based Compensation We use the fair value approach to account for stock-based compensation in accordance with the modified version of prospective application.

Research and Development Costs We have expensed all of our payments related to research and development activities.

Recently Issued Accounting Standards

We have reviewed recently issued, but not yet effective, accounting pronouncements and do not believe any such pronouncements will have a material impact on our financial statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Under the rules and regulations of the SEC, as a smaller reporting company we are not required to provide the information required by this Item.

Item 4T. Controls and Procedures

Disclosure Controls and Procedures

The SEC defines the term “*disclosure controls and procedures*” to mean a company’s controls and other procedures that are designed to ensure that information required to be disclosed in the reports that it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms. The Company’s management maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company’s reports is recorded, processed, summarized, and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and evaluated by the Company’s management to allow management to make timely decisions regarding required disclosure.

Members of the Company’s management, including its Chief Executive Officer, David Brown, and Chief Financial Officer, Carrie E. Carlander, have evaluated the effectiveness of the Company’s disclosure controls and procedures, as defined by Exchange Act Rules 13a-15(e) or 15d-15(e), as of March 31, 2010, the end of the period covered by this report. Based upon that evaluation, Mr. Brown and Ms. Carlander concluded that the Company’s disclosure controls and procedures were effective as of March 31, 2010.

Changes in Internal Control over Financial reporting

There were no changes in the Company’s internal control over financial reporting during the quarter ended March 31, 2010 that have materially affected, or are reasonably likely to materially affect, its internal control over financial reporting other than the engagement of outside experts, as needed, to provide counsel and guidance in areas where the Company cannot economically maintain the required expertise internally with respect to the application of certain accounting standards that resulted in the Company restating its interim financial statements for the quarter ended September 30, 2009. Further, with the addition of new employees for the entry and rollout of the Company’s network marketing sales strategy, internal controls are being analyzed and modified where necessary for effectiveness.

PART II Other Information

Item 1. Legal Proceedings

None.

Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the risk factors discussed in “Part I. Item 1A—Risk Factors” in our Annual report on Form 10-K for the fiscal year ended June 30, 2009. The risks and uncertainties described in such risk factors and elsewhere in this report have the potential to materially affect our business, financial condition, results of operations, cash flows, projected results and future prospects. As of the date of this report, we do not believe that there have been any material changes to the risk factors previously disclosed in our Annual report on Form 10-K for the fiscal year ended June 30, 2009, other than as set out below reflecting our recent entry on the network marketing or multi-level marketing sales channel.

Our recently initiated network marketing sales channel may not be successful.

We have recently initiated a network marketing sales channel through which independent distributors will enter into agreements with us to sell Protandim® and other products that we may introduce in the market. In order to implement our new sales channel, we hired approximately 50 additional personnel and enrolled several thousand independent distributors since the third quarter of our fiscal year 2009. Our additions of personnel and independent distributors resulted in substantial additional costs and expenses, although in the first and second quarters of our fiscal year 2010, we eliminated many of these personnel. In order to meet these increased expense requirements, we must continue to increase sales of our product which we may be unable to accomplish. If our revenue does not increase correspondingly with these increased costs and expenses, or if we do not further reduce our expenses from current levels, we will be unable to meet the cost requirements of our network marketing sales channel. In addition, there is no guarantee that our independent distributors’ efforts to sell Protandim® or other products will be successful. Should some of the risks related to the Company’s network marketing distribution channel materialize, we have the option of changing the sales channel and continuing the business.

If we are unable to retain our existing independent distributors and recruit additional independent distributors, our revenue will not increase and may even decline.

We depend on our independent distributors to generate a significant portion of our revenue through our network marketing sales channel. Our independent distributors may terminate their services at any time, and, like most network marketing companies, we are likely to experience high turnover among independent distributors. Independent distributors who join to purchase our products for personal consumption or for short-term income goals may only stay with us for a short time. Independent distributors have highly variable levels of training, skills and capabilities. As a result, in order to maintain sales and increase sales in the future, we need to continue to retain independent distributors and recruit additional independent distributors. To increase our revenue, we must increase the number of and/or the productivity of our independent distributors. While we take steps to help train, motivate, and retain independent distributors, we cannot accurately predict how the number and productivity of independent distributors may fluctuate because we rely primarily upon our independent distributor leaders to recruit, train, and motivate new independent distributors. Our operating results could be

harmed if we and our independent distributor leaders do not generate sufficient interest in our business to retain existing independent distributors and attract new independent distributors.

The number and productivity of our independent distributors also depends on several additional factors, including:

- any adverse publicity regarding us, our products, our distribution channel, or our competitors;
- lack of interest in existing or new products;
- lack of a story that generates interest for potential new independent distributors and effectively draws them into the business;
- the public's perception of our products and their ingredients;
- the public's perception of our distributors and direct selling businesses in general;
- our actions to enforce our policies and procedures;
- any regulatory actions or charges against us or others in our industry; and
- general economic and business conditions.

Because we compete with other network marketing companies in attracting independent distributors, our operating results could be adversely affected if our existing and new business opportunities and incentives, products, business tools and other initiatives do not generate sufficient enthusiasm and economic incentive to retain our existing independent distributors or to recruit new independent distributors on a sustained basis. There can be no assurance that planned initiatives will be successful in maintaining independent distributor activity and productivity or in motivating independent distributor leaders to remain engaged in business building and developing new independent distributor leaders. In addition, some initiatives may have unanticipated negative impacts on our independent distributors, particularly any changes to our compensation plan. The introduction of a new product or key initiative can also negatively impact other product lines to the extent our independent distributor leaders focus their efforts on the new product or initiative.

There is no assurance that we will be successful in expanding our operations and, if successful, managing our future growth.

Our ability to finance future operations will depend on our existing liquidity and, ultimately, on our ability to generate additional revenues and profits from operations. Management has projected that existing cash on hand will be sufficient to allow us to continue operations through March 31, 2011. A shortfall from projected sales levels would likely result in expense reductions, which could have a material adverse effect on our ability to continue operations at current levels. If we raise additional funds by selling additional shares of our capital stock, or securities convertible into shares of our capital stock, the ownership interest of our existing shareholders may be diluted. The amount of dilution could be increased by the issuance of warrants or securities with other dilutive characteristics, such as anti-dilution clauses or price resets. If we are unable to raise additional financing in a timely manner, we would be forced to liquidate some or all of our assets, and/or to suspend, curtail, or cease all or certain of our operations.

Although our independent distributors are independent contractors, improper independent distributor actions that violate laws or regulations could harm our business.

Independent distributor activities in our existing markets that violate governmental laws or regulations could result in governmental actions against us in markets where we operate, which would harm our business. Our independent distributors are not employees and act independently of us. We implement strict policies and procedures to ensure our independent distributors will comply with legal requirements. However, given the size of our independent distributor force, we may experience problems with independent distributors from time to time.

Challenges by private parties to the form of our network marketing system or other regulatory compliance issues could harm our business.

We may be subject to challenges by private parties, including our independent distributors, to the form of our network marketing system or elements of our network marketing sales channel. For example, lawsuits have recently been brought or threatened against certain companies, including allegations that the businesses involve unlawful pyramid schemes. Adverse rulings in any of the cases that have been filed or that may be filed in the future could negatively impact our business if they create adverse publicity, modify current regulatory requirements in a manner that is inconsistent with our current business practices, or impose fines or other penalties. In the United States, the network marketing industry and regulatory authorities have generally relied on the implementation of distributor rules and policies designed to promote retail sales to protect consumers and to prevent inappropriate activities and to distinguish between legitimate network marketing distribution plans and unlawful pyramid schemes. We have adopted rules and policies based on case law, rulings of the FTC, discussions with regulatory authorities in several states and domestic and global industry standards. Legal and regulatory requirements concerning network marketing systems, however, involve a high level of subjectivity, are inherently fact-based and are subject to judicial interpretation. As a result, we can provide no assurance that we would not be harmed by the application or interpretation of statutes or regulations governing network marketing, particularly in any civil challenge by a current or former independent distributor.

Adverse publicity concerning our business, marketing plan, products or competitors could harm our business and reputation.

The size of our distribution force and the results of our operations can be particularly impacted by adverse publicity regarding us, the nature of our independent distributor network, our products or the actions of our independent distributors. Specifically, we are susceptible to adverse publicity concerning:

- suspicions about the legality and ethics of network marketing;
- the ingredients or safety of our or our competitors' products;
- regulatory investigations of us, our competitors and our respective products;
- the actions of our current or former distributors; and
- public perceptions of network marketing generally.

Laws and regulations may prohibit or severely restrict our network marketing efforts and regulators could adopt new regulations that harm our business.

The network marketing industry is subject to governmental regulation, including regulation by the Federal Trade Commission ("FTC"), and various government agencies throughout the world. These laws and regulations are generally intended to prevent fraudulent or deceptive schemes, often referred to as "pyramid" schemes, which compensate participants for recruiting additional participants irrespective of product sales, use high pressure recruiting methods and/or do not involve legitimate products. Complying with these rules and regulations can be difficult and requires the devotion of significant resources on our part. If we are unable to continue business in existing markets or commence operations in new markets because of these laws, this could result in a material adverse effect on our business and

[Table of Contents](#)

results of operations. Markets in which we currently do business could change their laws or regulations to negatively affect or completely prohibit network marketing efforts.

Economic conditions, including the current financial crisis and declining consumer confidence and spending, could harm our business.

Global economic conditions have deteriorated significantly over the past several years. Consumer confidence and spending have declined drastically and the global credit crisis has limited access to capital for many companies. The economic downturn could adversely impact our business in the future by causing a decline in demand for our products, particularly if the economic conditions continue to worsen. In addition, such economic conditions may adversely impact access to capital for us and our suppliers, may decrease our independent distributors' ability to obtain or maintain credit cards, and may otherwise adversely impact our operations and overall financial condition.

beginning on January 1, 2010, on each Conversion Date (as to that principal amount then being converted) and on the Maturity Date.

b) Interest Calculations. Interest shall be calculated on the basis of a 360-day year, consisting of twelve 30 calendar day periods, and shall accrue daily commencing on the Original Issue Date until payment in full of the outstanding principal, together with all accrued and unpaid interest, liquidated damages and other amounts which may become due hereunder, has been made.

c) Late Fee. All overdue accrued and unpaid interest to be paid hereunder shall entail a late fee at an interest rate equal to the lesser of 18% per annum or the maximum rate permitted by applicable law which shall accrue daily from the date such interest is due hereunder through and including the date of actual payment in full.

d) Prepayment. Except as otherwise set forth in this Debenture, the Company may not prepay any portion of the principal amount of this Debenture without the prior written consent of the Holder.

Section 3. Registration of Transfers and Exchanges.

a) Different Denominations. This Debenture is exchangeable for an equal aggregate principal amount of Debentures of different authorized denominations, as requested by the Holder surrendering the same. No service charge will be payable for such registration of transfer or exchange.

b) Investment Representations. This Debenture has been issued subject to certain investment representations of the original Holder set forth in the Purchase Agreement and may be transferred or exchanged only in compliance with the Purchase Agreement and applicable federal and state securities laws and regulations.

c) Reliance on Debenture Register. Prior to due presentment for transfer to the Company of this Debenture, the Company and any agent of the Company may treat the Person in whose name this Debenture is duly registered on the Debenture Register as the owner hereof for the purpose of receiving payment as herein provided and for all other purposes, whether or not this Debenture is overdue, and neither the Company nor any such agent shall be affected by notice to the contrary.

Section 4. Conversion.

a) Voluntary Conversion. At any time after the Original Issue Date until this Debenture is no longer outstanding, this Debenture shall be convertible, in whole or in part, into shares of Common Stock at the option of the Holder, at any time and from time to time. The Holder shall effect conversions by delivering to the Company a Notice of Conversion, the form of which is attached hereto as Annex A (each, a "Notice of Conversion"), specifying therein the principal amount of this Debenture to be converted and the date on which such conversion shall

be effected (such date, the “Conversion Date”). If no Conversion Date is specified in a Notice of Conversion, the Conversion Date shall be the date that such Notice of Conversion is deemed delivered hereunder. Conversions hereunder shall have the effect of lowering the outstanding principal amount of this Debenture in an amount equal to the applicable amount being converted. The Holder and the Company shall maintain records showing the principal amount(s) converted and the date of such conversion(s). The Company may deliver an objection to any Notice of Conversion within three Business Days of delivery of such Notice of Conversion. In the event of any dispute or discrepancy, the records of the Company shall be controlling and determinative in the absence of manifest error. **The Holder, and any assignee by acceptance of this Debenture, acknowledge and agree that, by reason of the provisions of this paragraph, following conversion of a portion of this Debenture, the unpaid and unconverted principal amount of this Debenture may be less than the amount stated on the face hereof.**

b) Conversion Price. The conversion price in effect on any Conversion Date shall be equal to **\$0.20**, subject to adjustment herein (the “Conversion Price”).

c) Mechanics of Conversion.

i. Conversion Shares Issuable Upon Conversion of Principal Amount. The number of Conversion Shares issuable upon a conversion hereunder shall be determined by the quotient obtained by dividing (x) the outstanding principal amount of this Debenture to be converted by (y) the Conversion Price.

ii. Delivery of Certificate Upon Conversion. Not later than five Trading Days after each Conversion Date, the Company shall deliver, or cause to be delivered, to the Holder a certificate or certificates representing the number of Conversion Shares being acquired upon the conversion of this Debenture.

iii. Reservation of Shares Issuable Upon Conversion. The Company covenants that it will at all times reserve and keep available out of its authorized and unissued shares of Common Stock for the sole purpose of issuance upon conversion of this Debenture as herein provided, free from preemptive rights or any other actual contingent purchase rights of Persons other than the Holder (and the other holders of the Debentures), not less than such aggregate number of shares of the Common Stock as shall (subject to the terms and conditions set forth in the Purchase Agreement) be issuable (taking into account the adjustments of Section 5) upon the conversion of the then outstanding principal amount of this Debenture. The Company covenants that all shares of Common Stock that shall be so issuable shall, upon issue, be duly authorized, validly issued, fully paid and nonassessable.

iv. Fractional Shares. No fractional shares or scrip representing fractional shares shall be issued upon the conversion of this Debenture. As to any fraction of a share which the Holder would otherwise be entitled to purchase upon

such conversion, the Company shall at its election, either pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the Conversion Price or round up to the next whole share.

v. Transfer Taxes. The issuance of certificates for shares of the Common Stock on conversion of this Debenture shall be made without charge to the Holder hereof for any documentary stamp or similar taxes that may be payable in respect of the issue or delivery of such certificates; provided, however, that, the Company shall not be required to pay any tax that may be payable in respect of any transfer involved in the issuance and delivery of any such certificate upon conversion in a name other than that of the Holder and the Company shall not be required to issue or deliver such certificates unless or until the Person or Persons requesting the issuance thereof shall have paid to the Company the amount of such tax or shall have established to the satisfaction of the Company that such tax has been paid.

Section 5. Certain Adjustments.

a) Stock Dividends and Stock Splits. If the Company, at any time while this Debenture is outstanding: (i) pays a stock dividend or otherwise makes a distribution or distributions payable in shares of Common Stock on shares of Common Stock, (ii) subdivides outstanding shares of Common Stock into a larger number of shares, (iii) combines (including by way of a reverse stock split) outstanding shares of Common Stock into a smaller number of shares or (iv) issues, in the event of a reclassification of shares of the Common Stock, any shares of capital stock of the Company, then the Conversion Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock (excluding any treasury shares of the Company) outstanding immediately before such event and of which the denominator shall be the number of shares of Common Stock outstanding immediately after such event. Any adjustment made pursuant to this Section 5(a) shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or reclassification.

b) Subsequent Equity Sales. Other than in respect of an Exempt Issuance, if, at any time while this Debenture is outstanding, the Company sells any shares of Common Stock or sells any option or right entitling any Person to acquire shares of Common Stock at an effective price per share that is lower than the then Conversion Price (such lower price, the "Base Conversion Price"), then the Conversion Price shall be reduced to equal the Base Conversion Price. Notwithstanding anything to the contrary in this Section 5(b), in no event shall the Conversion Price be reduced to less than \$0.10 (subject to adjustment pursuant to Section 5(a)) as a result of any adjustment to the Conversion Price pursuant to this Section 5(b).

c) Calculations. All calculations under this Section 5 shall be made to the nearest cent or the nearest 1/100th of a share, as the case may be. For purposes of this Section 5, the number of shares of Common Stock deemed to be issued and outstanding as of a given date

shall be the number of shares of Common Stock (excluding any treasury shares of the Company) issued and outstanding.

d) Notice to the Holder of Adjustment to Conversion Price. Whenever the Conversion Price is adjusted pursuant to any provision of this Section 5, the Company shall promptly deliver to the Holder a notice setting forth the Conversion Price after such adjustment and setting forth a brief statement of the facts requiring such adjustment.

Section 6.

a) Optional Redemption at Election of Company. Subject to the provisions of this Section 6(a), at any time after Original Issue Date, the Company may deliver a notice to the Holder (an "Optional Redemption Notice" and the date such notice is deemed delivered hereunder, the "Optional Redemption Notice Date") of the Company's election to redeem all of the then outstanding principal amount of this Debenture for cash in an amount equal to the then outstanding principal amount of this Debenture plus accrued and unpaid interest hereon (the "Optional Redemption Amount") on the 10th Trading Day following the Optional Redemption Notice Date (such date, the "Optional Redemption Date", such 10 Trading Day period, the "Optional Redemption Period" and such redemption, the "Optional Redemption"). The Optional Redemption Amount shall be paid in full on the Optional Redemption Date. The Company may only effect an Optional Redemption if each of the Equity Conditions shall have been met (unless waived in writing by the Holder) on each Trading Day during the period commencing on the Optional Redemption Notice Date through the Optional Redemption Date. If any of the Equity Conditions shall cease to be satisfied at any time during the Optional Redemption Period, then the Holder may elect to nullify the Optional Redemption Notice by notice to the Company within one Trading Day after the first day on which any such Equity Condition has not been met in which case the Optional Redemption Notice shall be null and void, *ab initio*. The Company covenants and agrees that it will honor all Notices of Conversion tendered from the time of delivery of the Optional Redemption Notice through the date all amounts owing thereon are due and paid in full. The Company's determination to pay an Optional Redemption in cash shall be applied ratably to all of the holders of the then outstanding Debentures based on their (or their predecessor's) initial purchases of Debentures pursuant to the Purchase Agreement.

b) Redemption Procedure. If any portion of the payment pursuant to an Optional Redemption shall not be paid by the Company by the applicable due date, interest shall accrue thereon at an interest rate equal to the lesser of 12% per annum or the maximum rate permitted by applicable law until such amount is paid in full. The Holder may elect to convert the outstanding principal amount of this Debenture pursuant to Section 4 prior to actual payment in cash for any redemption under this Section 6 by the delivery of a Notice of Conversion to the Company.

Section 7. Negative Covenants. As long as any portion of this Debenture remains outstanding, unless the holders of at least a majority of the principal amount of the then outstanding Debentures shall have otherwise given prior written consent, on or after the Original Issue Date, the Company shall not (i) pay cash dividends or distributions on any equity securities

of the Company or (ii) other than Permitted Indebtedness, incur any indebtedness for borrowed money of any kind.

Section 8. Mandatory Redemption. If any Mandatory Redemption Event occurs and remains in effect for 10 consecutive Trading Days, at the Holder's election as evidenced by written notice to the Company, the Mandatory Default Amount shall be immediately due and payable in cash to the Holder. Upon the payment in full of the Mandatory Default Amount, the Holder shall promptly surrender this Debenture to or as directed by the Company.

Section 9. Miscellaneous.

a) **Notices.** Any and all notices or other communications or deliveries to be provided by the Holder hereunder, including, without limitation, any Notice of Conversion, shall be in writing and delivered personally, by facsimile to the facsimile number of the Company set forth on the signature page hereof, or sent by a nationally recognized overnight courier service addressed to the Company at the address set forth above, or such other facsimile number or address as the Company may specify for such purposes by notice to the Holder delivered in accordance with this Section 9(a). Any and all notices or other communications or deliveries to be provided by the Company hereunder shall be in writing and delivered personally, by facsimile, or sent by a nationally recognized overnight courier service addressed to each Holder at the facsimile number or address of the Holder appearing on the books of the Company, or if no such facsimile number or address appears on the books of the Company, at the principal place of business of such Holder, as set forth in the Purchase Agreement. Any notice or other communication or deliveries hereunder shall be deemed given and effective on the earliest of (i) the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number set forth on the signature pages attached hereto prior to 5:30 p.m. (Pacific time) on any date, (ii) the next Trading Day after the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number set forth on the signature pages attached hereto on a day that is not a Trading Day or later than 5:30 p.m. (Pacific time) on any Trading Day, (iii) the second Trading Day following the date of mailing, if sent by U.S. nationally recognized overnight courier service or (iv) upon actual receipt by the party to whom such notice is required to be given.

b) **Pari Passu.** This Debenture ranks *pari passu* with all other Debentures now or hereafter issued under the terms set forth herein.

c) **Lost or Mutilated Debenture.** If this Debenture shall be mutilated, lost, stolen or destroyed, the Company shall execute and deliver, in exchange and substitution for and upon cancellation of a mutilated Debenture, or in lieu of or in substitution for a lost, stolen or destroyed Debenture, a new Debenture for the principal amount of this Debenture so mutilated, lost, stolen or destroyed, but only upon receipt of an affidavit and indemnity agreement from the Holder and evidence of such loss, theft or destruction of such Debenture, and of the ownership hereof, in each case, reasonably satisfactory to the Company.

d) Governing Law. All questions concerning the construction, validity, enforcement and interpretation of this Debenture shall be governed by and construed and enforced in accordance with the internal laws of the State of California, without regard to the principles of conflict of laws thereof. Each party agrees that all legal proceedings concerning the interpretation, enforcement and defense of the transactions contemplated by any of the Transaction Documents (whether brought against a party hereto or its respective directors, officers, shareholders, employees or agents) shall be commenced in the state and federal courts sitting in the City of San Diego in the State of California (the "California Courts"). Each party hereto hereby irrevocably submits to the exclusive jurisdiction of the California Courts for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein (including with respect to the enforcement of any of the Transaction Documents), and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of such California Courts, or such California Courts are improper or inconvenient venue for such proceeding. Each party hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Debenture and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any other manner permitted by applicable law. Each party hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Debenture or the transactions contemplated hereby. If any party shall commence an action or proceeding to enforce any provisions of this Debenture, then the prevailing party in such action or proceeding shall be reimbursed by the other party for its attorneys fees and other costs and expenses incurred in the investigation, preparation and prosecution of such action or proceeding.

e) Waiver. Any waiver by the Company or the Holder of a breach of any provision of this Debenture shall not operate as or be construed to be a waiver of any other breach of such provision or of any breach of any other provision of this Debenture. The failure of the Company or the Holder to insist upon strict adherence to any term of this Debenture on one or more occasions shall not be considered a waiver or deprive that party of the right thereafter to insist upon strict adherence to that term or any other term of this Debenture on any other occasion. Any waiver by the Company or the Holder must be in writing.

f) Severability. If any provision of this Debenture is invalid, illegal or unenforceable, the balance of this Debenture shall remain in effect, and if any provision is inapplicable to any Person or circumstance, it shall nevertheless remain applicable to all other Persons and circumstances. If it shall be found that any interest or other amount deemed interest due hereunder violates the applicable law governing usury, the applicable rate of interest due hereunder shall automatically be lowered to equal the maximum rate of interest permitted under applicable law. The Company covenants (to the extent that it may lawfully do so) that it shall not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay, extension or usury law or other law which would prohibit or forgive the

Company from paying all or any portion of the principal of or interest on this Debenture as contemplated herein, wherever enacted, now or at any time hereafter in force, or which may affect the covenants or the performance of this indenture, and the Company (to the extent it may lawfully do so) hereby expressly waives all benefits or advantage of any such law, and covenants that it will not, by resort to any such law, hinder, delay or impede the execution of any power herein granted to the Holder, but will suffer and permit the execution of every such as though no such law has been enacted.

g) Next Business Day. Whenever any payment or other obligation hereunder shall be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day.

h) Headings. The headings contained herein are for convenience only, do not constitute a part of this Debenture and shall not be deemed to limit or affect any of the provisions hereof.

i) Amendments. This Debenture may be modified or amended or the provisions hereof waived with the prior written consent of the Company and Holders holding Debentures at least equal to a majority of the aggregate principal amount then outstanding under all Debentures.

In lieu of the payment methods set forth in Section 2.1(c), this Warrant may also be exercised, in whole or in part at any time or from time to time, from and after the one year anniversary of the Effective Date and on or before the Expiration Date, by means of a “cashless exercise” in which Holder shall be entitled to receive a certificate for the number of Warrant Shares equal to the quotient obtained by dividing [(A-B) (X)] by (A), where:

- (A) = the Fair Market Value of one share of Common Stock on the Trading Day immediately preceding the Exercise Date
- (B) = the Exercise Price of one share of Warrant Shares (as adjusted to the date of such calculation)

As soon as practicable on or after any date of exercise of this Warrant pursuant to this Section 2, the Company shall issue and deliver to Holder a certificate or certificates for the number of whole shares of Warrant Shares issuable upon such exercise, together with cash in lieu of any fraction of a share equal to such fraction of the current Fair Market Value of one whole share of Warrant Shares as of the date of exercise of this Warrant. No fractional shares or scrip representing fractional shares shall be issued upon an exercise of this Warrant.

Notwithstanding anything to the contrary in this Section 2.5(b), in no event shall the Exercise Price be reduced to less than \$0.25 (as adjusted for any events described in Section 2.5(a)) as a result of any adjustment to the Exercise Price pursuant to this Section 2.5(b).

Such Purchaser is able to bear the economic risk of an investment in the Securities and, at the present time, is able to afford a complete loss of such investment.

As a condition of transfer, any such transferee shall agree in writing to be bound by the terms of this Agreement and shall have the rights of a Purchaser under this Agreement.

MISCELLANEOUS

5.1 Termination. This Agreement may be terminated by either the Company or any Purchaser (as to such Purchaser's obligations hereunder only and without any effect whatsoever on the obligations between the Company and the other Purchasers), by written notice to the other parties, if a Closing hereunder has not been consummated on or before November 30, 2009; provided, however, that such termination will not affect the right of any party to sue for any breach by the other party (or parties) and provided that this ARTICLE V shall survive the termination of this Agreement and shall remain in full force and effect.

5.2 Fees and Expenses. Each party shall pay the fees and expenses of its advisers, counsel, accountants and other experts, if any, and all other expenses incurred by such party incident to the negotiation, preparation, execution, delivery and performance of this Agreement. 5.6 Headings. The headings herein are for convenience only, do not constitute a part of this Agreement and shall not be deemed to limit or affect any of the provisions hereof.

5.7 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties and their successors and permitted assigns (including by merger, share exchange or other similar corporate reorganization or similar transaction).

5.8 No Third-Party Beneficiaries. This Agreement is intended for the benefit of the parties hereto and their respective successors and permitted assigns and is not for the benefit of, nor may any provision hereof be enforced by, any other Person.

5.9 Governing Law. All questions concerning the construction, validity, enforcement and interpretation of the Transaction Documents shall be governed by and construed and enforced in accordance with the internal laws of the State of California, without regard to the principles of conflicts of law thereof. Each party agrees that all legal proceedings concerning the interpretation, enforcement and defense of the transactions contemplated by any of the Transaction Documents (whether brought against a party hereto or its respective directors, officers, shareholders, employees or agents) shall be commenced in the state and federal courts sitting in the City of San Diego in the State of California (the "California Courts"). Each party hereto hereby irrevocably submits to the exclusive jurisdiction of the California Courts for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein (including with respect to the enforcement of any of the Transaction Documents), and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of such California Courts, or such California Courts are improper or inconvenient venue for such proceeding. Each party hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Agreement and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained

herein shall be deemed to limit in any way any right to serve process in any other manner permitted by applicable law. Each party hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Agreement or any other Transaction Document or the transactions contemplated hereby or thereby.

5.10 Survival. The representations and warranties of the Company and each Purchaser shall survive the Closing and the delivery of the Securities for the applicable statute of limitations.

5.11 Counterparts. This Agreement may be executed in any number of counterparts, and each such counterpart hereof shall be deemed to be an original instrument, but all such counterparts together shall constitute but one agreement. Facsimile and PDF signatures shall be treated as if they were originals.

5.12 Severability. If any term or provision of this Agreement or the application thereof to any circumstance shall, in any jurisdiction, be invalid or unenforceable, such term or provision shall be ineffective as to such jurisdiction to the extent of such invalidity or unenforceability without invalidating or rendering unenforceable such term or provision in any other jurisdiction, the remaining terms and provisions of this Agreement or the application of such terms and provisions to circumstances other than those as to which it is held invalid or enforceable.

5.13 Remedies. In addition to being entitled to exercise all rights provided herein or granted by law, including recovery of damages, each of the Purchasers and the Company will be entitled to specific performance under this Agreement. The parties agree that monetary damages may not be adequate compensation for any loss incurred by reason of any breach of obligations contained in the Transaction Documents and hereby agrees to waive and not to assert in any action for specific performance of any such obligation the defense that a remedy at law would be adequate.

5.14 Independent Nature of Purchasers' Obligations and Rights; Separate Counsel. The obligations of each Purchaser under this Agreement are several and not joint with the obligations of any other Purchaser, and no Purchaser shall be responsible in any way for the performance or non-performance of the obligations of any other Purchaser under this Agreement or any other related agreement. Nothing contained herein, and no action taken by any Purchaser pursuant thereto, shall be deemed to constitute the Purchasers as a partnership, an association, a joint venture or any other kind of entity, or create a presumption that the Purchasers are in any way acting in concert or as a group with respect to such obligations or the transactions contemplated by this Agreement. Each Purchaser shall be entitled to independently protect and enforce its rights, including the rights arising out of this Agreement or out of any related agreement, and it shall not be necessary for any other Purchaser to be joined as an additional party in any proceeding for such purpose. Each Purchaser acknowledges and agrees that such Purchaser has been represented by its own separate legal counsel in their review and negotiation of the Agreement.

5.15 Attorney's Fees. In any proceeding arising out of this Agreement, including with respect to any instrument, document or agreement made under or in connection with this Agreement, the prevailing party shall be entitled to recover its costs and actual attorneys' fees. As used in this Agreement, "actual attorneys' fees" shall mean the full and actual cost of any legal services actually performed in connection with the matters involved, calculated on the basis of the usual hourly fees charged by the attorneys performing such services.

5.16 Construction. This Agreement has been negotiated by the parties and is to be interpreted according to its fair meaning as if the parties had prepared it together and not strictly for or against any party. For purposes of this Agreement, (a) the words "include," "includes" and "including" shall be

deemed to be followed by the words “without limitation”; (b) the word “or” is not exclusive; and (c) the words “herein,” “hereof,” “hereby,” “hereto” and “hereunder” refer to this Agreement as a whole. The Securities are duly authorized and, when issued and paid for in accordance with the applicable Transaction Documents, will be duly and validly issued, fully paid and nonassessable, free and clear of all liens imposed by the Company other than restrictions on transfer provided for in the Transaction Documents.

(f) SEC Reports. The Company has filed all reports, schedules, forms, statements and other documents required to be filed by the Company under the Securities Act and the Exchange Act, including pursuant to Section 13(a) or 15(d) thereof, since January 1, 2009 (the foregoing materials, including the exhibits thereto and documents incorporated by reference therein, being collectively referred to herein as the "**SEC Reports**") on a timely basis or has received a valid extension of such time

of filing and has filed any such SEC Reports prior to the expiration of any such extension. As of their respective dates, the SEC Reports (i) were complete and accurate in all material respects and (ii) complied in all material respects with the requirements of the Securities Act and the Exchange Act, as applicable.

(g) Preemptive and Other Rights. Other than the rights afforded to the purchasers of the Company's securities offered pursuant to a unit subscription agreement and an amendment to the unit subscription agreement dated March 30, 2009, no Person has any right of first refusal, preemptive right, right of participation, or any similar right to participate in the transactions contemplated by the Transaction Documents.

(h) Financial Statements. The audited consolidated financial statements of the Company (including the notes thereto) included in the Annual Report on Form 10-K filed by the Company with the SEC on September 28, 2009, fairly present, in all material respects, the assets, liabilities and consolidated financial position of the Company as of the dates indicated and the results of operations for the periods then ended.

(i) Private Placement. Assuming the accuracy of each Purchaser's representations and warranties set forth in Section 3.2, no registration under the Securities Act is required for the offer and sale of the Securities by the Company to the Purchasers as contemplated hereby.

3.2 Representations and Warranties of the Purchasers. Each Purchaser, for itself and for no other Purchaser, hereby represents and warrants as of the date hereof and as of the applicable Closing Date to the Company as follows:

(a) Organization; Authority. Such Purchaser, if not a natural person, is an entity duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization with full right, corporate or partnership power and authority to enter into and to consummate the transactions contemplated by the Transaction Documents and otherwise to carry out its obligations hereunder and thereunder, and the execution and delivery of the Transaction Documents and performance by such Purchaser of the transactions contemplated by the Transaction Documents have been duly authorized by all necessary corporate or similar action on the part of such Purchaser. Each Transaction Document to which it is a party has been duly executed by such Purchaser, and when delivered by such Purchaser in accordance with the terms hereof, will constitute the valid and legally binding obligation of such Purchaser, enforceable against it in accordance with its terms, except (i) as limited by general equitable principles and applicable bankruptcy, insolvency, reorganization, moratorium and other laws of general application affecting enforcement of creditors' rights generally, (ii) as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies and (iii) insofar as indemnification and contribution provisions may be limited by applicable law.

(b) Own Account. Such Purchaser (i) understands that the Securities are "restricted securities" and have not been registered under the Securities Act or any applicable state securities law (ii) is acquiring the Securities as principal for its own account and not with a view to or for distributing or reselling such Securities (within the meaning of Section 2(11) of the Securities Act) or any part thereof in violation of the Securities Act or any applicable state securities law, (iii) has no present intention of distributing any of such Securities in violation of the Securities Act or any applicable state securities law and (iv) has no direct or indirect arrangement or understandings with any other Persons to distribute or regarding the distribution of such Securities (this representation and warranty not limiting such Purchaser's right to sell the Securities in compliance with applicable federal and state securities laws).

(c) Purchaser Status. At the time such Purchaser was offered the Securities, it was, and at the date hereof it is, an "accredited investor" as defined in Rule 501(a) under the Securities Act.

Such Purchaser is not required to be registered as a broker-dealer under Section 15 of the Exchange Act.

(d) Residency. Such Purchaser's principal executive offices (or residence, in the case of a Purchaser that is an individual) are in the jurisdiction set forth in the Accredited Investor Questionnaire.

(e) Experience of Such Purchaser. Such Purchaser, either alone or together with its representatives (who are unaffiliated with and who are not compensated by the Company or any Affiliate of the Company and who are not selling agents of the Company), has such knowledge, sophistication and experience in business and financial matters so as to be capable of evaluating the merits and risks of the prospective investment in the Securities, and has so evaluated the merits and risks of such investment. Such Purchaser is able to bear the economic risk of an investment in the Securities and, at the present time, is able to afford a complete loss of such investment.

(f) No Representations. Such Purchaser confirms that neither the Company nor any of its authorized agents has made any representation or warranty to such Purchaser about the Company or the Securities other than those set forth in this Agreement, and that such Purchaser has not relied upon any other representation or warranty, express or implied, in connection with the transactions contemplated by this Agreement.

(g) Investment Risks. Such Purchaser acknowledges and is aware that: (i) there are substantial restrictions on the transferability of the Securities, (ii) the Securities will not be, and such Purchaser does not have the right to require that the Securities be, registered under the Securities Act; and (iii) the certificates representing the Securities shall bear a legend similar to the legend set out in Section 4.1.

(h) Opportunity to Ask Questions. During the course of the transaction contemplated by this Agreement, and before acquiring the Securities, such Purchaser has had the opportunity (i) to be provided with financial and other written information about the Company, and (ii) to ask questions and receive answers concerning the business of the Company and its finances. Such Purchaser has, to the extent it has availed itself of this opportunity, received satisfactory information and answers.

(i) General Solicitation. Such Purchaser is not purchasing the Securities as a result of any advertisement, article, notice or other communication regarding the Securities published in any newspaper, magazine or similar media or broadcast over television or radio or presented at any seminar or meeting or, to its knowledge, in any other form of general solicitation or general advertisement.

(j) Investor Questionnaire. The Accredited Investor Questionnaire completed by such Purchaser is accurate, true and complete in all respects.

(k) No Governmental Review. Such Purchaser understands that no Governmental Entity has passed on or made any recommendation or endorsement of the Securities or the fairness or suitability of the investment in the Securities nor have such authorities passed upon or endorsed the merits of the offering of the Securities.

(l) Regulation M. Such Purchaser is aware that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of Common Stock and other activities with respect to the Common Stock by the Purchasers.

(m) Brokers and Finders. No Person will have, as a result of the transactions

contemplated by this Agreement, any valid right, interest or claim against or upon the Company or such Purchaser for any commission, fee or other compensation pursuant to any agreement, arrangement or understanding entered into by or on behalf of such Purchaser.

(n) Certain Trading Activities. Other than with respect to the transactions contemplated herein, since the time that such Purchaser was first contacted regarding the transactions contemplated hereby until the date hereof, neither such Purchaser nor any Affiliate of such Purchaser that (i) had knowledge of the transactions contemplated hereby, (ii) has or shares discretion relating to such Purchaser's investments or trading or information concerning such Purchaser's investments, including in respect of the Securities, and (iii) is subject to such Purchaser's review or input concerning such Affiliate's investments or trading (collectively, "**Trading Affiliates**") has directly or indirectly, nor has any Person acting on behalf of or pursuant to any understanding with such Purchaser or Trading Affiliate, effected or agreed to effect any transactions in the securities of the Company (including any Short Sales involving the Company's securities).

(o) Reliance by the Company. Such Purchaser understands that the foregoing representations and warranties are to be relied upon by the Company as a basis for exemption of the sale of the Securities under the Securities Act and under the securities laws of all applicable states and for other purposes.

ARTICLE IV

OTHER AGREEMENTS OF THE PARTIES

4.1 Transfer Restrictions.

(a) The Securities may only be disposed of in compliance with state and federal securities laws. In connection with any transfer of Securities other than pursuant to an effective registration statement or in compliance with Rule 144 or to the Company, the Company may require the transferor thereof to provide to the Company, at the transferor's sole expense, an opinion of counsel selected by the transferor and reasonably acceptable to the Company, the form and substance of which opinion shall be reasonably satisfactory to the Company, to the effect that such transfer does not require registration of such transferred Securities under the Securities Act and such transfer is in compliance with applicable state securities laws. As a condition of transfer, any such transferee shall agree in writing to be bound by the terms of this Agreement and shall have the rights of a Purchaser under this Agreement.

(b) The Purchasers agree to the imprinting, so long as is required by this Section 4.1, of a legend on any certificate representing any of the Securities in the following form:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED WITH THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION (THE "COMMISSION") UNDER SECTION 5 OF THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), IN RELIANCE UPON ONE OR MORE EXEMPTIONS FROM REGISTRATION OR QUALIFICATION AFFORDED BY THE SECURITIES ACT AND/OR RULES PROMULGATED BY THE COMMISSION PURSUANT THERETO. THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE ALSO NOT BEEN REGISTERED OR QUALIFIED (AS THE CASE MAY BE) UNDER THE SECURITIES LAWS OF ANY STATE OR TERRITORY OF THE UNITED STATES (THE "BLUE SKY LAWS"), IN RELIANCE UPON ONE OR MORE EXEMPTIONS FROM REGISTRATION OR QUALIFICATION (AS THE CASE MAY BE)

AFFORDED UNDER SUCH SECURITIES LAWS. THESE SECURITIES HAVE BEEN ACQUIRED FOR THE HOLDER'S OWN ACCOUNT FOR INVESTMENT PURPOSES ONLY AND NOT WITH A VIEW FOR RESALE OR DISTRIBUTION.

4.2 Securities Laws Disclosure; Publicity. The Company shall have sole control over any press release, public announcement, statement or acknowledgment with respect to this Agreement and the consummation of the transactions contemplated herein.

4.3 Form D; Blue Sky Filings. The Company agrees to timely file a Form D with respect to the Securities as required under Regulation D. The Company shall take such action as the Company shall reasonably determine is necessary to obtain an exemption for or to qualify the Securities for sale to the Purchasers at the Closing under applicable securities or "Blue Sky" laws of the states of the United States.

ARTICLE V

MISCELLANEOUS

5.1 Termination. This Agreement may be terminated by either the Company or any Purchaser (as to such Purchaser's obligations hereunder only and without any effect whatsoever on the obligations between the Company and the other Purchasers), by written notice to the other parties, if a Closing hereunder has not been consummated on or before November 30, 2009; provided, however, that such termination will not affect the right of any party to sue for any breach by the other party (or parties) and provided that this ARTICLE V shall survive the termination of this Agreement and shall remain in full force and effect.

5.2 Fees and Expenses. Each party shall pay the fees and expenses of its advisers, counsel, accountants and other experts, if any, and all other expenses incurred by such party incident to the negotiation, preparation, execution, delivery and performance of this Agreement. The Company shall pay all transfer agent fees, stamp taxes and other taxes and duties levied in connection with the delivery of any Securities to the Purchasers.

5.3 Entire Agreement. 5.4 Notices. All notices or other communications which are required or permitted hereunder shall be in writing and shall be sufficiently given if (a) delivered personally or (b) sent by registered or certified mail, postage prepaid, or (c) sent by overnight courier with a nationally recognized courier, or (d) sent via facsimile confirmed in writing in any of the foregoing manners, as set forth on the signature pages attached hereto if delivered to Purchasers, or as follows if delivered to the Company:

5.5 Amendments; Waivers. No provision of this Agreement may be waived, modified, supplemented or amended except in a written instrument signed, in the case of an amendment, by the Company and Purchasers holding Debentures representing a majority of the aggregate principal amount then outstanding of the Debentures then held by Purchasers or, in the case of a waiver, by the party against whom enforcement of any such waived provision is sought. No waiver of any default with respect to any provision, condition or requirement of this Agreement shall be deemed to be a continuing waiver in the future or a waiver of any subsequent default or a waiver of any other provision, condition or requirement hereof, nor shall any delay or omission of any party to exercise any right hereunder in any manner impair the exercise of any such right.

5.6 Headings. The headings herein are for convenience only, do not constitute a part of this Agreement and shall not be deemed to limit or affect any of the provisions hereof.

5.7 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties and their successors and permitted assigns (including by merger, share exchange or other similar corporate reorganization or similar transaction).

5.8 No Third-Party Beneficiaries. This Agreement is intended for the benefit of the parties hereto and their respective successors and permitted assigns and is not for the benefit of, nor may any provision hereof be enforced by, any other Person.

5.9 Governing Law. All questions concerning the construction, validity, enforcement and interpretation of the Transaction Documents shall be governed by and construed and enforced in accordance with the internal laws of the State of California, without regard to the principles of conflicts of law thereof. Each party agrees that all legal proceedings concerning the interpretation, enforcement and defense of the transactions contemplated by any of the Transaction Documents (whether brought against a party hereto or its respective directors, officers, shareholders, employees or agents) shall be commenced in the state and federal courts sitting in the City of San Diego in the State of California (the "California Courts"). Each party hereto hereby irrevocably submits to the exclusive jurisdiction of the California Courts for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein (including with respect to the enforcement of any of the Transaction Documents), and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of such California Courts, or such California Courts are improper or inconvenient venue for such proceeding. Each party hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Agreement and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained

herein shall be deemed to limit in any way any right to serve process in any other manner permitted by applicable law. Each party hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Agreement or any other Transaction Document or the transactions contemplated hereby or thereby.

5.10 Survival. The representations and warranties of the Company and each Purchaser shall survive the Closing and the delivery of the Securities for the applicable statute of limitations.

5.11 Counterparts. This Agreement may be executed in any number of counterparts, and each such counterpart hereof shall be deemed to be an original instrument, but all such counterparts together shall constitute but one agreement. Facsimile and PDF signatures shall be treated as if they were originals.

5.12 Severability. If any term or provision of this Agreement or the application thereof to any circumstance shall, in any jurisdiction, be invalid or unenforceable, such term or provision shall be ineffective as to such jurisdiction to the extent of such invalidity or unenforceability without invalidating or rendering unenforceable such term or provision in any other jurisdiction, the remaining terms and provisions of this Agreement or the application of such terms and provisions to circumstances other than those as to which it is held invalid or enforceable.

5.13 Remedies. In addition to being entitled to exercise all rights provided herein or granted by law, including recovery of damages, each of the Purchasers and the Company will be entitled to specific performance under this Agreement. The parties agree that monetary damages may not be adequate compensation for any loss incurred by reason of any breach of obligations contained in the Transaction Documents and hereby agrees to waive and not to assert in any action for specific performance of any such obligation the defense that a remedy at law would be adequate.

5.14 Independent Nature of Purchasers' Obligations and Rights; Separate Counsel. The obligations of each Purchaser under this Agreement are several and not joint with the obligations of any other Purchaser, and no Purchaser shall be responsible in any way for the performance or non-performance of the obligations of any other Purchaser under this Agreement or any other related agreement. Nothing contained herein, and no action taken by any Purchaser pursuant thereto, shall be deemed to constitute the Purchasers as a partnership, an association, a joint venture or any other kind of entity, or create a presumption that the Purchasers are in any way acting in concert or as a group with respect to such obligations or the transactions contemplated by this Agreement. Each Purchaser shall be entitled to independently protect and enforce its rights, including the rights arising out of this Agreement or out of any related agreement, and it shall not be necessary for any other Purchaser to be joined as an additional party in any proceeding for such purpose. Each Purchaser acknowledges and agrees that such Purchaser has been represented by its own separate legal counsel in their review and negotiation of the Agreement.

5.15 Attorney's Fees. In any proceeding arising out of this Agreement, including with respect to any instrument, document or agreement made under or in connection with this Agreement, the prevailing party shall be entitled to recover its costs and actual attorneys' fees. As used in this Agreement, "actual attorneys' fees" shall mean the full and actual cost of any legal services actually performed in connection with the matters involved, calculated on the basis of the usual hourly fees charged by the attorneys performing such services.

5.16 Construction. This Agreement has been negotiated by the parties and is to be interpreted according to its fair meaning as if the parties had prepared it together and not strictly for or against any party. For purposes of this Agreement, (a) the words "include," "includes" and "including" shall be

deemed to be followed by the words “without limitation”; (b) the word “or” is not exclusive; and (c) the words “herein,” “hereof,” “hereby,” “hereto” and “hereunder” refer to this Agreement as a whole. Currency amounts referenced herein, unless otherwise specified, are in U.S. dollars. Unless the context otherwise requires, references herein: (i) to the masculine, feminine or neuter gender includes others (ii) to articles, sections, schedules and exhibits are to articles, sections, schedules and exhibits of or to this Agreement; (iii) to an agreement, instrument or other document means such agreement, instrument or other document as amended, supplemented and modified from time to time to the extent permitted by the provisions thereof and (iv) to a statute means such statute as amended from time to time and includes any successor legislation thereto and any regulations promulgated thereunder.

Such Purchaser is able to bear the economic risk of an investment in the Securities and, at the present time, is able to afford a complete loss of such investment.

(f) No Representations. Such Purchaser confirms that neither the Company nor any of its authorized agents has made any representation or warranty to such Purchaser about the Company or the Securities other than those set forth in this Agreement, and that such Purchaser has not relied upon any other representation or warranty, express or implied, in connection with the transactions contemplated by this Agreement.

As a condition of transfer, any such transferee shall agree in writing to be bound by the terms of this Agreement and shall have the rights of a Purchaser under this Agreement.

5.6 Headings. The headings herein are for convenience only, do not constitute a part of this Agreement and shall not be deemed to limit or affect any of the provisions hereof.

5.7 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties and their successors and permitted assigns (including by merger, share exchange or other similar corporate reorganization or similar transaction).

5.8 No Third-Party Beneficiaries. This Agreement is intended for the benefit of the parties hereto and their respective successors and permitted assigns and is not for the benefit of, nor may any provision hereof be enforced by, any other Person.

Each party agrees that all legal proceedings concerning the interpretation, enforcement and defense of the transactions contemplated by any of the Transaction Documents (whether brought against a party hereto or its respective directors, officers, shareholders, employees or agents) shall be commenced in the state and federal courts sitting in the City of San Diego in the State of California (the "California Courts"). Each party hereto hereby irrevocably submits to the exclusive jurisdiction of the California Courts for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein (including with respect to the enforcement of any of the Transaction Documents), and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of such California Courts, or such California Courts are improper or inconvenient venue for such proceeding. Facsimile and PDF signatures shall be treated as if they were originals.

5.12 Severability. If any term or provision of this Agreement or the application thereof to any circumstance shall, in any jurisdiction, be invalid or unenforceable, such term or provision shall be ineffective as to such jurisdiction to the extent of such invalidity or unenforceability without invalidating or rendering unenforceable such term or provision in any other jurisdiction, the remaining terms and provisions of this Agreement or the application of such terms and provisions to circumstances other than those as to which it is held invalid or enforceable.

5.13 Remedies. In addition to being entitled to exercise all rights provided herein or granted by law, including recovery of damages, each of the Purchasers and the Company will be entitled to specific performance under this Agreement. The parties agree that monetary damages may not be adequate compensation for any loss incurred by reason of any breach of obligations contained in the Transaction Documents and hereby agrees to waive and not to assert in any action for specific performance of any such obligation the defense that a remedy at law would be adequate.

5.14 Independent Nature of Purchasers' Obligations and Rights; Separate Counsel. The obligations of each Purchaser under this Agreement are several and not joint with the obligations of any other Purchaser, and no Purchaser shall be responsible in any way for the performance or non-performance of the obligations of any other Purchaser under this Agreement or any other related agreement. Nothing contained herein, and no action taken by any Purchaser pursuant thereto, shall be deemed to constitute the Purchasers as a partnership, an association, a joint venture or any other kind of entity, or create a presumption that the Purchasers are in any way acting in concert or as a group with respect to such obligations or the transactions contemplated by this Agreement. Each Purchaser shall be entitled to independently protect and enforce its rights, including the rights arising out of this Agreement or out of any related agreement, and it shall not be necessary for any other Purchaser to be joined as an additional party in any proceeding for such purpose. Any party may by notice to the other parties change the address or facsimile number to which notice or other communications to it are to be delivered or mailed.

5.5 Amendments; Waivers. No provision of this Agreement may be waived, modified, supplemented or amended except in a written instrument signed, in the case of an amendment, by the Company and Purchasers holding Debentures representing a majority of the aggregate principal amount then outstanding of the Debentures then held by Purchasers or, in the case of a waiver, by the party against whom enforcement of any such waived provision is sought. No waiver of any default with respect to any provision, condition or requirement of this Agreement shall be deemed to be a continuing waiver in the future or a waiver of any subsequent default or a waiver of any other provision, condition or requirement hereof, nor shall any delay or omission of any party to exercise any right hereunder in any manner impair the exercise of any such right.

5.6 Headings. The headings herein are for convenience only, do not constitute a part of this Agreement and shall not be deemed to limit or affect any of the provisions hereof.

5.7 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties and their successors and permitted assigns (including by merger, share exchange or other similar corporate reorganization or similar transaction).

5.8 No Third-Party Beneficiaries. This Agreement is intended for the benefit of the parties hereto and their respective successors and permitted assigns and is not for the benefit of, nor may any provision hereof be enforced by, any other Person.

5.9 Governing Law. All questions concerning the construction, validity, enforcement and interpretation of the Transaction Documents shall be governed by and construed and enforced in accordance with the internal laws of the State of California, without regard to the principles of conflicts of law thereof. Each party agrees that all legal proceedings concerning the interpretation, enforcement and defense of the transactions contemplated by any of the Transaction Documents (whether brought against a party hereto or its respective directors, officers, shareholders, employees or agents) shall be commenced in the state and federal courts sitting in the City of San Diego in the State of California (the "California Courts"). Each party hereto hereby irrevocably submits to the exclusive jurisdiction of the California Courts for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein (including with respect to the enforcement of any of the Transaction Documents), and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of such California Courts, or such California Courts are improper or inconvenient venue for such proceeding. Each party hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Agreement and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained

herein shall be deemed to limit in any way any right to serve process in any other manner permitted by applicable law. Each party hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Agreement or any other Transaction Document or the transactions contemplated hereby or thereby.

5.10 Survival. The representations and warranties of the Company and each Purchaser shall survive the Closing and the delivery of the Securities for the applicable statute of limitations.

5.11 Counterparts. This Agreement may be executed in any number of counterparts, and each such counterpart hereof shall be deemed to be an original instrument, but all such counterparts together shall constitute but one agreement. Facsimile and PDF signatures shall be treated as if they were originals.

5.12 Severability. If any term or provision of this Agreement or the application thereof to any circumstance shall, in any jurisdiction, be invalid or unenforceable, such term or provision shall be ineffective as to such jurisdiction to the extent of such invalidity or unenforceability without invalidating or rendering unenforceable such term or provision in any other jurisdiction, the remaining terms and provisions of this Agreement or the application of such terms and provisions to circumstances other than those as to which it is held invalid or enforceable.

5.13 Remedies. In addition to being entitled to exercise all rights provided herein or granted by law, including recovery of damages, each of the Purchasers and the Company will be entitled to specific performance under this Agreement. The parties agree that monetary damages may not be adequate compensation for any loss incurred by reason of any breach of obligations contained in the Transaction Documents and hereby agrees to waive and not to assert in any action for specific performance of any such obligation the defense that a remedy at law would be adequate.

5.14 Independent Nature of Purchasers' Obligations and Rights; Separate Counsel. The obligations of each Purchaser under this Agreement are several and not joint with the obligations of any other Purchaser, and no Purchaser shall be responsible in any way for the performance or non-performance of the obligations of any other Purchaser under this Agreement or any other related agreement. Nothing contained herein, and no action taken by any Purchaser pursuant thereto, shall be deemed to constitute the Purchasers as a partnership, an association, a joint venture or any other kind of entity, or create a presumption that the Purchasers are in any way acting in concert or as a group with respect to such obligations or the transactions contemplated by this Agreement. Each Purchaser shall be entitled to independently protect and enforce its rights, including the rights arising out of this Agreement or out of any related agreement, and it shall not be necessary for any other Purchaser to be joined as an additional party in any proceeding for such purpose. Each Purchaser acknowledges and agrees that such Purchaser has been represented by its own separate legal counsel in their review and negotiation of the Agreement.

5.15 Attorney's Fees. In any proceeding arising out of this Agreement, including with respect to any instrument, document or agreement made under or in connection with this Agreement, the prevailing party shall be entitled to recover its costs and actual attorneys' fees. As used in this Agreement, "actual attorneys' fees" shall mean the full and actual cost of any legal services actually performed in connection with the matters involved, calculated on the basis of the usual hourly fees charged by the attorneys performing such services.

5.16 Construction. This Agreement has been negotiated by the parties and is to be interpreted according to its fair meaning as if the parties had prepared it together and not strictly for or against any party. For purposes of this Agreement, (a) the words "include," "includes" and "including" shall be

deemed to be followed by the words “without limitation”; (b) the word “or” is not exclusive; and (c) the words “herein,” “hereof,” “hereby,” “hereto” and “hereunder” refer to this Agreement as a whole.
