LifeVantage Announces Financial Results for the First Quarter of Fiscal 2023

Salt Lake City, UT, November 2, 2022, LifeVantage Corporation (Nasdaq: LFVN) today reported financial results for its first fiscal quarter ended September 30, 2022.

First Quarter Fiscal 2023 Summary*:

- Revenue of \$51.8 million, a decrease of 2.7% from the prior year period. Excluding the negative impact of foreign currency fluctuations, first quarter revenue was up approximately 2.3%;
- Revenue in the Americas decreased 0.2%. Revenue in the United States increased 1.1%. Revenue in Asia/Pacific & Europe decreased 8.2%. Excluding the negative impact of foreign currency fluctuations, first quarter revenue in Asia/Pacific & Europe increased approximately 7.4%;
- Total active accounts declined 6.7% from the prior year period to 153,000, reflecting a decline of 7.8% in the Americas and a 4.1% decline in Asia/Pacific & Europe;
- Net income per diluted share were \$0.05, versus \$0.25 per diluted share a year ago;
- Adjusted earnings per diluted share were \$0.06, versus \$0.23 a year ago;
- Adjusted EBITDA of \$2.8 million, compared to \$5.8 million a year ago; and
- Strong balance sheet with \$17.6 million of cash and no debt.

* All comparisons are on a year over year basis and compare the first quarter of fiscal 2023 to the first quarter of fiscal 2022, unless otherwise noted.

"Results in the first quarter demonstrated continued momentum across our strategic initiatives around innovation and engagement," said Steve Fife, President and Chief Executive Officer of LifeVantage. "The number of active independent distributors was up 1.6% on a year-over-year basis driven by an 18% increase in Asia/Pacific & Europe and revenue versus the prior year period was up 2.3% on a constant currency basis. Sales of the new Collagen product we launched in June far exceeded our initial expectations and the recent expansion of our flagship product Protandim NAD to Japan, Australia and New Zealand should help to propel growth in these key markets. At our global convention in October, energy levels remained very high and sharper messaging around our core focus on optimizing health and evolving possibilities continues to resonate well with distributors. Profitability is also poised to improve as we recently implemented a price increase that will serve to alleviate margin pressures stemming from inflationary factors. While the macroeconomic environment remains challenging, we are off to a solid start in fiscal 2023, making steady progress on transforming LifeVantage into a more dynamic, customer-centric organization that delivers consistent, sustainable growth and increases value for shareholders."

First Quarter Fiscal 2023 Results

For the first fiscal quarter ended September 30, 2022, the Company reported revenue of \$51.8 million, a 2.7% decrease over the first quarter of fiscal 2022. Excluding the negative impact of foreign currency fluctuations, first quarter revenue was up 2.3%. Revenue in the Americas region for the first quarter of fiscal 2023 decreased 0.2%, which includes a 1.1% increase in the United States. Revenue in the Asia/Pacific & Europe region decreased 8.2% compared to the prior year period. On a constant currency basis, revenue in Asia/Pacific & Europe increased 7.4% for the three months ended September 30, 2022 as compared to the prior year period.

Gross profit for the first quarter of fiscal 2023 was \$41.8 million, or 80.8% of revenue, compared to \$43.8 million, or 82.3% of revenue, for the same period in fiscal 2022. The decline in gross profit margin was primarily driven by elevated shipping expenses and other inflationary factors, as well as shifts in geographic and product sales mix.

Commissions and incentives expense for the first quarter of fiscal 2023 was \$23.8 million, or 46.0% of revenue, compared to \$24.1 million, or 45.3% of revenue, for the same period in fiscal 2022. The increase in commissions

and incentives expense as a percentage of revenue is due mainly to the timing and magnitude of various promotional and incentive programs.

Selling, general and administrative (SG&A) expense for the first quarter of fiscal 2023 was \$16.7 million, or 32.3% of revenue, compared to \$15.1 million, or 28.3% of revenue, for the same period in fiscal 2022. Adjusted for nonrecurring expenses, which are detailed in the GAAP to non-GAAP reconciliation tables included at the end of this press release, adjusted non-GAAP SG&A expenses for the first quarter of fiscal 2023 were \$16.6 million, or 32.1% of revenue, compared to adjusted non-GAAP SG&A expenses for the first quarter of fiscal 2022 of \$15.3 million, or 28.8% of revenue. The increase in adjusted non-GAAP SG&A expense was primarily attributable to increased event related costs and travel expenses as restrictions related to the COVID-19 pandemic have begun to subside outside of the US market, as well as increased expenses associated with legal fees, endorsement agreements, product testing and personnel compared to the prior year period.

Operating income for the first quarter of fiscal 2023 was \$1.3 million compared to \$4.6 million for the first quarter of fiscal 2022. Accounting for non-GAAP adjustments noted previously, adjusted non-GAAP operating income for the first quarter of fiscal 2023 was \$1.4 million compared to \$4.4 million for the first quarter of fiscal 2022.

Net income for the first quarter of fiscal 2023 was \$0.6 million, or \$0.05 per diluted share, which compares to net income of \$3.3 million, or \$0.25 per diluted share for the first quarter of fiscal 2022. Accounting for non-GAAP adjustments noted previously, net of tax, adjusted non-GAAP net income for the first quarter of fiscal 2023 was \$0.7 million, or \$0.06 per diluted share, compared to \$3.1 million, or \$0.23 per diluted share for the first quarter of fiscal 2023.

Adjusted EBITDA was \$2.8 million for the first quarter of fiscal 2023, versus \$5.8 million for the comparable period in fiscal 2022.

Balance Sheet & Liquidity

The Company used \$1.3 million of cash from operations during the first three months of fiscal 2023 compared to generating \$0.5 million in the same period in fiscal 2022. Cash and cash equivalents at September 30, 2022 were \$17.6 million, compared to \$20.2 million at June 30, 2022, and there was no debt outstanding.

Dividend Announcement

Today the Company announced the declaration of a cash dividend of \$0.03 per common share. The dividend will be paid on December 15, 2022 to all stockholders of record at the close of business on December 1, 2022.

Fiscal Year 2023 Guidance

The Company continues to expect to generate revenue in the range of \$200 million to \$212 million in fiscal year 2023 and adjusted EBITDA of \$12 million to \$14 million, with adjusted earnings per share in the range of \$0.27 to \$0.39, which assumes a full year tax rate of approximately 26%. This guidance reflects the current trends in the business. The Company's guidance for adjusted non-GAAP EBITDA and adjusted non-GAAP earnings per diluted share excludes any non-operating or non-recurring expenses that may materialize during fiscal 2023. The Company is not providing guidance for GAAP earnings per diluted share for fiscal 2023 due to the potential occurrence of one or more non-operating, one-time expenses, which the Company does not believe it can reliably predict.

About Non-GAAP Financial Measures

We define Non-GAAP EBITDA as earnings before interest expense, income taxes, depreciation and amortization and Non-GAAP Adjusted EBITDA as earnings before interest expense, income taxes, depreciation and amortization, stock compensation expense, other income, net, and certain other adjustments. Non-GAAP EBITDA and Non-GAAP Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies. We define Non-GAAP Net Income as GAAP net income less certain tax adjusted non-recurring one-time expenses incurred during the period and Non-GAAP Earnings per Share as Non-GAAP Net Income divided by weighted-average shares outstanding.

We are presenting Non-GAAP EBITDA, Non-GAAP Adjusted EBITDA, Non-GAAP Net Income and Non-GAAP Earnings Per Share because management believes that they provide additional ways to view our operations when considered with both our GAAP results and the reconciliation to net income, which we believe provides a more complete understanding of our business than could be obtained absent this disclosure. Non-GAAP EBITDA, Non-GAAP Adjusted EBITDA, Non-GAAP Net Income and Non-GAAP Earnings Per Share are presented solely as supplemental disclosure because: (i) we believe these measures are a useful tool for investors to assess the operating performance of the business without the effect of these items; (ii) we believe that investors will find this

data useful in assessing shareholder value; and (iii) we use Non-GAAP EBITDA, Non-GAAP Adjusted EBITDA, Non-GAAP Net Income and Non-GAAP Earnings Per Share internally as benchmarks to evaluate our operating performance or compare our performance to that of our competitors. The use of Non-GAAP EBITDA, Non-GAAP Adjusted EBITDA, Non-GAAP Net Income and Non-GAAP Earnings per Share has limitations and you should not consider these measures in isolation from or as an alternative to the relevant GAAP measure of net income prepared in accordance with GAAP, or as a measure of profitability or liquidity.

The tables set forth below present reconciliations of Non-GAAP EBITDA, Non-GAAP Adjusted EBITDA, Non-GAAP Net Income and Non-GAAP Earnings per Share, which are non-GAAP financial measures to Net Income and Earnings per Share, our most directly comparable financial measures presented in accordance with GAAP.
