LifeVantage Announces Financial Results for the Third Quarter of Fiscal 2017

Salt Lake City, UT, May 10, 2017, LifeVantage Corporation (Nasdaq: LFTV) today reported financial results for its third quarter ended March 31, 2017.

"We began to see the turn in sequential sales momentum as the third quarter progressed," stated LifeVantage President and Chief Executive Officer Darren Jensen. "While sales were negatively impacted early in the quarter, we finished the third quarter with reaccelerating sales growth as we were finalizing the implementation of remedies relating to a recent review of international policies and procedures. We enter the fourth quarter with renewed business momentum and completed a successful global convention in April that included our rebranding of several key product lines, the introduction of product bundles that deliver greater value for customers and distributors, and integrated applications and technology solutions that were well received by distributors. Finally, we are progressing with plans to broaden our geographical footprint, and look forward to discussing specific activities to support this growth as the plan progresses."

Balance Sheet & Liquidity

The Company generated \$4.6 million of cash from operations during the first nine months of fiscal year 2017 compared to \$6.2 million in the same period last year. The year-over-year reduction in cash provided by operations during the first nine months of fiscal 2017 primarily relates to the lower level of net income relative to the prior year period and cash used to reduce payables. The Company's cash and cash equivalents at March 31, 2017 were \$9.2 million compared to \$7.9 million at June 30, 2016.

Fourth Quarter Fiscal 2017 Guidance

The Company is providing guidance for the fourth quarter of fiscal year 2017. The Company expects to generate revenue in the range of \$51 million to \$54 million during the fourth quarter of fiscal 2017, and anticipates adjusted non-GAAP earnings per diluted share in the range of \$0.05 to \$0.08. The Company's adjusted non-GAAP earnings per diluted share guidance excludes any non-operating or non-recurring expenses that may materialize during the fourth quarter of fiscal 2017. The Company is not providing GAAP earnings per diluted share guidance for the fourth quarter of fiscal 2017 due to the potential occurrence of one or more non-operating, one-time expenses, which the Company does not believe it can reliably predict.

About Non-GAAP Financial Measures

We define Non-GAAP EBITDA as earnings before interest expense, income taxes, depreciation and amortization and Non-GAAP Adjusted EBITDA as earnings before interest expense, income taxes, depreciation and amortization, stock compensation expense, other income, net, and certain other adjustments. Non-GAAP EBITDA and Non-GAAP Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies. We define Non-GAAP Net Income and Non-GAAP Earnings per Share as GAAP net income less certain tax adjusted non-recurring one-time expenses incurred during the period.

We are presenting Non-GAAP EBITDA, Non-GAAP Adjusted EBITDA, Non-GAAP Net Income and Non-GAAP Earnings Per Share because management believes that they provide additional ways to view our operations when considered with both our GAAP results and the reconciliation to net income, which we believe provides a more complete understanding of our business than could be obtained absent this disclosure. Non-GAAP EBITDA, Non-GAAP Adjusted EBITDA, Non-GAAP Net Income and Non-GAAP Earnings Per Share are presented solely as supplemental disclosure because: (i) we believe these measures are a useful tool for investors to assess the operating performance of the business without the effect of these items; (ii) we believe that investors will find this data useful

in assessing shareholder value; and (iii) we use Non-GAAP EBITDA, Non-GAAP Adjusted EBITDA, Non-GAAP Net Income and Non-GAAP Earnings Per Share internally as benchmarks to evaluate our operating performance or compare our performance to that of our competitors. The use of Non-GAAP EBITDA, Non-GAAP Adjusted EBITDA, Non-GAAP Net Income and Non-GAAP Earnings per Share has limitations and you should not consider these measures in isolation from or as an alternative to the relevant GAAP measure of net income prepared in accordance with GAAP, or as a measure of profitability or liquidity.

The tables set forth below present Non-GAAP EBITDA, Non-GAAP Adjusted EBITDA, Non-GAAP Net Income and Non-GAAP Earnings per Share which are non-GAAP financial measures to Net Income and Earnings per Share, our most directly comparable financial measures presented in accordance with GAAP.
