Item 7.01 Regulation FD Disclosure.

As a precautionary measure, LifeVantage Corporation (the "Company") is extending its previously announced voluntary recall to include additional lots of Protandim. As a result of the Company's ongoing investigation, the Company determined that these additional lots of Protandim may be contaminated from the same source that originally led to its voluntary recall. This is not a new recall but simply an expansion of the Company's original recall to include additional lots of Protandim identified during its investigation. The Company has begun the process of notifying its independent distributors and other customers who it believes may have received bottles of Protandim affected by this extension of the previously announced recall.

The cost to the Company of this recall extension is included in the previously disclosed cost of \$5.9 million, and was accounted for in its financial statements for the second fiscal quarter which ended December 31, 2012.

The information in this Item 7.01 is being furnished, not filed, pursuant to Regulation FD. Accordingly, such information will not be incorporated by reference into any registration statement filed by the Company under the Securities Act of 1933, as amended, unless specifically identified therein as being incorporated therein by reference. The furnishing of such information is not intended to, and does not, constitute a determination or admission by the Company as to the materiality of such information.
